PATENT ASSIGNMENT - WORLDWIDE

WHEREAS Galderma S.A., of Zugerstrasse 8, CH-6330, Cham, Switzerland (hereinafter "Assignor") is the owner of the following patent applications, design registrations and/or patents, and the invention(s) described therein (hereinafter referred to as "the Patents") in EXHIBIT A.

WHEREAS Nestlé Skin Health S.A., World Trade Center, Avenue Gratta-Paille 2, 1018, Lausanne, Switzerland is desirous of acquiring the entire right, title and interest in and to the Patents.

WHEREAS, Assignor desires to transfer to Assignee the entire right, title and interest in and to the Patents.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignor, Assignor has sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and sets over to Assignee the entire and exclusive right, title and interest in and throughout the United States (including its territories and dependencies) and all countries foreign thereto:

(a) in and to the inventions disclosed in the Patents;

(b) in and to the Patents and any and all related United States and foreign patent applications disclosing said inventions, including provisionals, nonprovisionals, divisions, continuations, continuations-in-part, and continued prosecution applications and any other related United States and foreign patent applications thereof, along with all rights of priority created by said patent applications under the Paris Convention, and any other relevant international agreements;

(c) in and to all United States and foreign patents and design registrations which may be granted on any and all of said applications, including extensions, reissues and reexamination certificates thereof; and

(d) in and to all rights to sue for and damages resulting from past, present and future infringement of all United States and foreign patents and design registrations granted or to be granted on said applications and inventions disclosed therein, and related patents and patent applications including extensions, reissues, and reexamination certificates thereof;

said inventions, patents and patent applications, designs registrations, and rights to damages to be held and enjoyed by the above-named Assignee, for Assignee's own use and benefit, and for Assignee's legal representatives and assigns to the full end of the term or terms for which said patents and design registrations may be granted, as fully and entirely as the same would have been held by the undersigned Assignor had this assignment and sale not been made.

The undersigned hereby grants the firm of FOLEY & LARDNER the power to insert in this Assignment any further identification which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office for recordation of this Assignment.
