Confirmatory Assignment

This Short Form Assignment Confirmation ("Agreement") dated as of March ____, 2021 is made and entered into by and among **General Electric Company**, on behalf of itself and its affiliates ("Assignor") and **Avitas Systems, Inc.** ("Assignee") (each a "Party" and collectively "Parties"), and retroactively effective as of January 4, 2019 ("Effective Date").

WHEREAS, the Parties entered into an Intellectual Property Assignment Agreement on January 4, 2019 that transferred ownership of certain Intellectual Property from Assignor to Assignee ("IP Agreement").

WHEREAS, the Parties wish to create a confirmatory assignment document that confirms the terms of the IP Agreement for purposes of recordation in the United States and other patent offices.

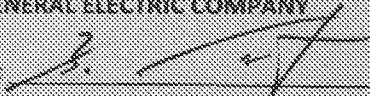

For good and valuable consideration, the adequacy, receipt, and sufficiency of which are hereby acknowledged by the Parties, the Parties agree as follows:

1. The Parties confirm that the IP Agreement still controls and no changes to the IP Agreement are made or intended by this Agreement.
2. Assignor confirms that, pursuant to the terms of the IP Agreement, it has assigned all applications, inventions and trade secrets described in any application for or in any of the invention disclosures, utility patents, utility model patents, design patents and industrial designs and inventors' certificates identified in Exhibit A (the "Avitas IP"), including all provisionals, divisionals, continuations, continuations-in-part, reissues, reexaminations, renewals and extensions of any of the foregoing and all rights to claim priority of any of the foregoing, any related or corresponding United States provisional or non-provisional application embodying the inventions described in the Avitas IP or any other United States application claiming priority to a provisional application under 35 U.S.C. § 119(e) or converted therefrom, or any application claiming the benefit of a non-provisional application under 35 U.S.C. §120 embodying the inventions described in the Avitas IP, including all divisionals, continuations, reexaminations, and reissues thereof and all patents that may be granted thereon, including any other counterparts thereto worldwide, patent rights and right to claim priority thereto in any country, and all extensions and renewals thereof existing now or in the future, including all applications for patents, utility models and designs that may hereafter be filed for in any country or countries other than the United States, together with the right to file such applications under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable.
3. To the extent that there is any conflict between the terms of this Agreement and the IP Agreement, the IP Agreement shall control.

4 This Agreement will be governed by and construed and enforced in accordance with the internal laws of the State of New York (without regard to the conflicts of law provisions thereof).

IN WITNESS WHEREOF. Assignor and Assignee have executed this Agreement as of the date first written above.

GENERAL ELECTRIC COMPANY
