ASSIGNMENT

WHEREAS, We, Maxime Lefort, of Iberville, Quebec, Canada; and Yannick Meyngne-Ngoule, of Iberville, Quebec [Country] Canada ("Assignors") have invented a certain new and useful invention as described in U.S. patent application, entitled "**GASKETLESS RAINPROOF GANGING OF ENCLOSURE**", the application having been prepared, and/or being filed and identified in the United States Patent and Trademark Office ("USPTO") by Application No. 17/559,793 ("Invention") filed on December 22, 2021; and

WHEREAS, ABB Schweiz AG, a corporation organized and existing under the law of Switzerland, and having a principal place of business at Bruggerstrasse 66, Baden, Switzerland, CH-5400 (together with its successors and assigns, and legal representatives, the "Assignee"), is desirous of acquiring the entire interest in, to and under said invention and in, to and under Letters Patent or similar legal protection to be obtained therefore in the United States and in any and all foreign countries;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, We hereby sell, assign, and transfer to Assignee my entire right, title, and interest in and to the Invention, including all inventions disclosed or claimed in the above-identified patent application, including any improvements thereof, any corresponding domestic applications (e.g., provisional, non-provisional, divisional, continuation, continued prosecution, continuation-in-part, substitute, renewal, extension, reexamination, and/or reissue patent), any corresponding foreign applications, all patents issuing thereon, or other patent application based off or claiming priority to the above-identified patent application, and all rights and benefits under any applicable treaty or convention. We authorize the USPTO (or foreign equivalent thereof) to issue any patent (or similar legal protection) to the Assignee.

I hereby authorize the Assignee (or its designee) to apply for a patent or patents (or similar legal protection) in its own name if desired, in any and all countries.

We represent to the Assignee that we have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. We agree when requested, without additional consideration but at the expenses of the Assignee, to provide additional reasonable assistance necessary to memorialize this assignment, to execute all oaths, declarations, assignments, powers of attorney and other papers necessary to perfect and vest title to the rights assigned herein to the Assignee; and will render all assistance in filing, obtaining, maintaining, and enforcing any patent (or similar legal protection) on the Invention in any and all countries.

Assignor and Assignee hereby grant to the law firm of GREENBERG TRAURIG, LLP, authority and power to insert on this instrument any further identification which may be necessary or desirable for purposes of recordation in the United States Patent Office or the Patent Office of any foreign country.
