## GEOTAB Invention Assignment

For good and valuable consideration, the receipt of which is hereby acknowledged, I/we, the undersigned Assignor(s), hereby:

1. Sell, assign and transfer to **GEOTAB INC.**, a Canadian company having a place of business at **2440 Winston Park Dr., Oakville, Ontario L6H 7V2, CANADA**, its successors, assigns and legal representatives, all hereinafter referred to as the Assignee, my/our entire right, title and interest for the United States and all other countries, in and to any and all inventions and designs which are disclosed in the following application(s) for United States Letters Patent filed in the United States Patent and Trademark Office:

United States Application No. 17/988,247, entitled **DEVICES FOR SHARED VEHICLE ACCESS**, filed on November 16, **2022**, And United States Application No. 17/988,347, entitled **SYSTEMS FOR SHARED VEHICLE ACCESS**, filed on November 16, **2022**.

and in and to the application and all corresponding provisional, non-provisional, divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights which have been or shall be filed in the United States, Europe, internationally, and in any country, including but not limited to Canada, China, Japan and Korea, on any of the inventions and designs; and in and to all original and reissued patents which have been or shall be issued in the United States or any other jurisdiction on the inventions and designs, including the right to apply for patent rights in any country and all rights to priority, including the right to claim priority for Europe, Canada, China, Japan and Korea; as well as the right to sue in its own name and recover damages for past infringement of any United States Letters Patent and patent in any other country, including a reasonable royalty relating to provisional rights under 35 U.S.C. § 154(d) that have attached to any published United States patent application, on the inventions and designs;

2. Agree that the Assignee may apply for and receive Letters Patent and utility model and industrial design registrations for the inventions and designs in its own name; and when requested, without charge to but at the expense of the Assignee, agree to carry out in good faith the intent and purpose of this Assignment, by executing all provisional, non-provisional, divisional, continuing, substitute, renewal, reissue, and all other patent, utility model and industrial design applications on any and all the inventions and designs, by executing all rightful oaths, assignments, powers of attorney and other papers, by communicating to the Assignee all facts known to me/us relating to the inventions and designs and the history thereof, and generally by doing everything reasonably possible which the Assignee shall consider desirable for aiding in securing and maintaining proper protection for the inventions and designs and for vesting title to the inventions and designs and all applications for patents and all patents on the inventions and designs, in the Assignee;

3. Request the Director of the United States Patent and Trademark Office and other country patent authorities to issue the Letters Patent or other intellectual property rights, including patents in other countries, to the Assignee;

### GEOTAB Invention Assignment

4. Covenant with the Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by me/us and that full right to convey the same as herein expressed is possessed by me/us; and

5. Appoint Assignee, through its designee, my attorney-in-fact to execute, in my/our name(s) and on my/our behalf, any and all documents required to effectuate this Assignment, specifically including, but not limited to, those documents specified above and any necessary corrective assignments;

6. Agree to execute declarations, powers of attorney, assignments and other instruments, as Assignee(s) may, from time-to-time, supply to me, or otherwise grant to Assignee(s) the right to execute any substitute statements or declarations, so to allow Assignee(s) to perfect, vest, and otherwise establish, its rights, title and interests of any part or all of the inventions disclosed in the above-identified application.

This Invention Assignment is governed under the laws of the Province of Ontario.

The undersigned hereby grant(s) the Agent for the Applicant the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules for recordation of this document.
