**ASSIGNMENT**

WHEREAS, I, Thomas H. Moran, residing at 2833 NE 13<sup>th</sup> Ave., Portland, Oregon 97212 US (hereinafter the "Assignor"), have co-invented with Rasmey Yim, residing at 16525 NE 40<sup>th</sup> St., Vancouver, Washington 98682 US; Marcus L. Marjama, whose U.S. Post Office address is P.O. Box 872696, Vancouver, Washington 98687; and Kevin M. Hendricks, residing at 1404 NE 53<sup>rd</sup> Ave., Portland, Oregon 97213, certain new and useful systems, devices, and methods disclosed and described in a utility application for Letters Patent in the United States, entitled "Exercise Machine," which can be identified in the United States Patent and Trademark Office by Application No. 14/859,015, filed on September 18, 2015 (the "Invention"); and

WHEREAS, Assignor desires to assign any and all right, title and interest to the Invention; any original, continuation, continuation-in-part, divisional, international, foreign, regional and convention design or patent applications based on or arising from the Invention; any and all registrations and patents thereto, which may grant or have granted thereto or be lodged in relation thereto; any reissue or reexamination thereof or to be obtained therefor; any renewal or substitute thereof; any and all priority rights, priority claims, or International Convention rights thereof; any and all rights to collect past damages for infringement of any and all patent, design, or other intellectual property rights arising from or related to the Invention, including for any patents and design registrations, which may be published, which may grant, or have granted thereto or be lodged in relation thereto; and any other benefit accruing to or to accrue to Assignor by filing or obtaining patent, design, or other intellectual property rights for the Invention in any country or region (the "IP Rights"); and

WHEREAS, Nautilus, Inc., a corporation organized and existing under the laws of the State of Washington, and having its principal place of business at 17750 SE 6th Way, Vancouver, Washington 98683 US (the "Assignee"), desires to acquire any and all right, title, and interest of Assignor in and to the Invention, the IP Rights, and in and to any and all patents, design registrations, and other intellectual property registrations to be obtained therefor.

NOW THEREFORE, for the sum of \$1.00 and other good and valuable consideration to Assignor in hand paid, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, and transfer and by these presents does hereby sell, assign and transfer to said Assignee, and said Assignee's legal representatives, successors and assigns, any and all of the entire right, title and interest in and to the Invention, the IP Rights, and any and all patents, design registrations, and other intellectual property registrations to be obtained therefor;

UPON SAID CONSIDERATION, the Assignor hereby covenants and agrees with the said Assignee that it will not execute any writing or do any act whatsoever conflicting with these presents, and that it will, at any time upon request, without further or additional consideration, but at the expense of the said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making applications for and obtaining original, continuation, continuation-in-part, continuing prosecution, divisional, renewal, reissue, reexamined, or extended patents, design registrations, or other intellectual property registrations based on said Invention and IP Rights for any and all countries and regions, and execute confirmatory assignments or acknowledgments of this Assignment as necessary for full enjoyment of the Invention and IP Rights and for recording in any patent or other office, and in enforcing any rights or choses in action accruing as a result of such Invention and IP Rights, by giving testimony in any proceedings or transactions involving such

Invention and IP Rights, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties;

UPON SAID CONSIDERATION, Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey any and all right, title, and interest in the Invention and IP Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Invention and IP Rights to a third party; and

ASSIGNOR HEREBY AUTHORIZES said Assignee, its successors, and assigns, or anyone it may properly designate, to apply for patents, design registrations, and other intellectual property registrations in any and all countries and regions, in its own name if desired, and additionally to claim priority to the filing date of any application or registration and otherwise take advantage of the provisions of any international conventions.

ASSIGNOR HEREBY AUTHORIZES Assignee, its successors and assigns, or anyone it may properly designate, to insert in this instrument the application number and filing date of the patent application once known.

This Assignment may be executed in two or more counterparts and by facsimile, all of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

The effective date of this Assignment is September 18, 2015.

**ASSIGNMENT**

WHEREAS, we, RasmeY Yim, residing at 16525 NE 40<sup>th</sup> Street, Vancouver, Washington 98682 U.S.A., Marcus L. Marjama, whose U.S. Post Office address is P.O. Box 872696, Vancouver, Washington 98687 U.S.A., and Kevin M. Hendricks, residing at 1404 NE 53rd Avenue, Portland, Oregon 97213 U.S.A. (hereinafter individually and collectively the "Assignor"), have invented certain new and useful systems, devices, and methods disclosed and described in a provisional patent application titled "Exercise Machine," which can be identified in the United States Patent and Trademark Office by Application No. 61/798,663, filed on March 15, 2013 (the "Invention"); and

WHEREAS, Assignor desires to assign any and all right, title and interest to said Invention; any patent, patent application, design registration, design application, or other intellectual property right based upon or arising from said Invention, including, but not limited to, any original, provisional, continuation, continuation-in-part, divisional, international, foreign, regional, and convention applications, registrations, or patents; any reissue or reexamination thereof or to be obtained therefor; any renewals, or substitutes thereof; any and all priority rights or priority claims and International Convention rights for any of the foregoing; any and all rights to collect damages, including past damages, for infringement of any and all of the foregoing; and other benefits accruing to or to accrue to Assignor with respect to the filing of applications for patents or design registrations or the securing of patents, design registrations, or other intellectual property rights in any country or region in the world (the "Patent Rights");

WHEREAS, Nautilus, Inc., a corporation organized and existing under the laws of the State of Washington, and having its principal place of business at 17750 SE 6th Way, Vancouver, Washington 98683 U.S.A. (the "Assignee"), desires to acquire any and all, right, title, and interest of Assignor in and to the Invention and the Patent Rights;

NOW THEREFORE, for the sum of \$1.00 and other good and valuable consideration to Assignor in hand paid, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, and transfer and by these presents does hereby sell, assign and transfer to said Assignee, and said Assignee's legal representatives, successors and assigns, any and all of the entire right, title and interest in and to the Invention and the Patent Rights;

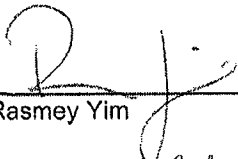

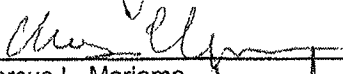

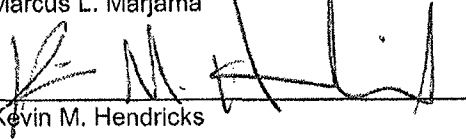

UPON SAID CONSIDERATION, the Assignor hereby covenants and agrees with the said Assignee that it will not execute any writing or do any act whatsoever conflicting with these presents, and that it will, at any time upon request, without further or additional consideration, but at the expense of the said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, provisional, non-provisional, continuation, continuation-in-part, continuing prosecution, divisional, renewal, reissue, reexamined or extended patents or design registrations in any country or region in the world, and execute confirmatory assignments or acknowledgments of this assignment as necessary for full enjoyment of the Invention and the Patent Rights and for recording in foreign patent offices, and in enforcing any rights or choses in action accruing as a result of the Patent Rights, by giving testimony in any proceedings or transactions involving the Invention and/or the Patent Rights, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties;

UPON SAID CONSIDERATION, Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey any and all right, title, and interest in the Invention and the Patent Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Invention and the Patent Rights to a third party;

ASSIGNOR HEREBY AUTHORIZES said Assignee, its successors, and assigns, or anyone it may properly designate, to apply for patents, design registrations, and other intellectual property rights associated with the Invention in any country or region in the world, in its own name if desired, and additionally to claim priority to the filing date of the original application or registration and otherwise take advantage of the provisions of any international conventions.

This Assignment may be executed in two or more counterparts and by facsimile, all of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

The effective date of the Assignment is March 15, 2013.
