REEL: 062027 FRAME: 0462

ASSIGNMENT

WHEREAS, WE, Benjamin ENGLANDER, Julian SERER, Michael LIPANI and John POLIMENI (Assignors) have made or contributed to a certain new and useful invention, development, design and/or subject matter as set forth in an application for United States Letters Patent, entitled MIRROR HEAD FOR VEHICLE WITH VISUAL AND/OR AUDIO INDICATORS AND ILLUMINATION SYSTEM, for which a non-provisional application was filed on March 6, 2020, and identified by U.S. Application No. 16/811,445 and the following additional application: U.S. Provisional Application No. 62/815,859 (collectively "Invention and Applications");

WHEREAS, We hereby declare and provide the following statement: (1) the application was made or was authorized to be made on our behalf; (2) We believe we are the original inventors or an original joint inventors of a claimed invention in the application; and (3) We hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that any willful false statement made in such declaration or statement is punishable under section 1001 of title 18 by fine or imprisonment of not more than 5 years, or both.

AND WHEREAS, Rosco, Inc. a corporation of the State of New York and having an address of 90-21 144th Place, Jamaica, NY 11435, is desirous of acquiring the entire right, title and interest in and to said Invention and Applications and in and to any and all Letters Patent of the United States and foreign countries which may be obtained therefore (Assignee);

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, Assignors do hereby sell, assign, transfer and set jointly over unto ASSIGNEE, its legal representatives, successors, and assigns, the entire right, title, and interest in and to said Invention and Applications, and all development, design and/or subject matter as set forth in the above-mentioned application(s) and/or patent(s), and any modifications and/or improvements relating thereto and/or derived therefrom, and any additional patent applications and patents in the United States and foreign countries, and any provisional applications, original applications, non-provisional applications, formal applications, continuation applications, continuations-in-part applications, continued prosecution applications, request for continued examination applications, divisional applications, reissue applications, re-examinations or extensions thereof, and in and to any an all patents of the United States and foreign countries which may be issued or have already issued for said invention and any additional inventions, developments, designs and/or subject matter relating to said Invention and Applications (hereinafter "Related Inventions"), and all proprietary, trade secret, intellectual property and/or confidential rights related to said Invention and Applications, and Related Inventions, and all rights to claim priority therefrom and/or thereto; and any copyright or designs associated with or in said Invention and Applications, and Related Inventions; and all rights of action and damages for any past, present or future infringement relating thereto, including all rights of actions and damages from publication of the patent applications and/or issuance of any patent relating thereto;

UPON SAID CONSIDERATIONS, Assignors hereby agree; with. the said Assignee that Assignors will not execute any writing or do any act whatsoever conflicting with these presents,

and that Assignors will, at any time upon request, without further or additional consideration but at the expense of said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining said invention, related inventions, provisional applications, original applications, non-provisional applications, formal applications, continuation applications, continuations-in-part applications, continued prosecution applications, request for continued examination applications, divisional applications, reissue applications, re-examinations, extensions thereof, or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure to the benefit of the assigns and legal representatives of Assignors and Assignees;

The undersigned hereby grant(s) the firm of Manatt, Phelps and Phillips LLP the power to insert on this Assignment any further identification, including the application number and filing date, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

AND Assignors request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention, and related inventions to said Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest and to said patent and the invention or related inventions covered thereby.
