ASSIGNMENT OF RIGHTS

This agreement is between Ionel Jitaru ("Assignor"), of 6262 N Swan Rd #200, Tucson, Arizona 85718 and Rompower Technology Holdings, LLC ("Assignee"), of 6262 N Swan Rd #200, Tucson, Arizona 85718 (jointly, "the Parties").

1. **Recitals.** Assignor is an owner of Assignee. Assignee is a Delaware company engaged in the development of power conversion solutions. Assignor has the right to assign its entire right, title, and interest in the Invention and desires to do so in exchange for consideration, and Assignee desires to acquire the entire right, title, and interest in the Invention and any patents or patent applications arising out of the Invention.
2. **The Invention.** The "Invention" means the subject matter disclosed in the non-provisional patent application entitled High Density Magnetic Structure with inventors Ionel Jitaru, Iulian Busu, and Mihai Bogdan Jitariu, to be filed on or about December 8, 2022.
3. **Assignment.** In exchange for good and valuable consideration, of which Assignor acknowledges receipt and sufficiency, Assignor hereby assigns and transfers to Assignee all of Assignor's right, title and interest that Assignor may have or acquire in the Invention and all patents and patent applications arising therefrom, filed, or to be filed anywhere in the world, including unless otherwise specifically stated in this or another written document, all divisions, reissues, continuations, continuations-in-part, international applications, designs, international registrations of industrial designs, including family member patents and patent applications, and extensions thereof, and all rights of priority resulting from the filing thereof. Assignor hereby assigns and transfers the right and ability to apply for patents based on the Invention. Assignor hereby authorizes and requests any official whose duty it is to issue patents to issue any patent to Assignee or its successors and assigns. Assignor hereby agrees that on request and without further consideration but at the expense of Assignee, Assignor will communicate to Assignee any facts known to Assignor respecting the Invention or patents and patent applications arising therefrom and testify in any legal proceeding, sign all lawful papers, execute all original, divisional, continuing, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee in obtaining and enforcing patent protection in all countries.
4. **Term.** This Agreement shall remain in full force and effect for the enforceable life of any patents directed to the Invention.
5. **Representations and Warranties.** Assignor represents and warrants that Assignor has the entire right, title, and interest in the Invention and has the right to convey the entire right, title, and interest without limitation. Assignor represents and warrants that the entire right, title, and interest in the Invention is hereby transferred and assigned free and clear of any encumbrances.
6. **Governing Law.** Arizona law shall govern this Agreement.
7. **Attorney's Fees.** In any proceeding arising out of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees, costs, and other expenses incurred in connection with such proceeding.
8. **Attorney's Representation.** Assignor acknowledges that Assignee has retained counsel, which

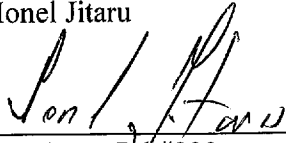

is not Assignor's attorney and cannot advise Assignor with respect to this Agreement. If Assignor wishes to be advised regarding this Agreement, it is recommended that Assignor consult with independent counsel of Assignor's choosing.

9. Reformation and Severability. If any section of this Agreement is deemed invalid or unreasonable by a court or arbitrator, such section shall be severable from the remainder of this Agreement, which shall be enforced according to its terms irrespective of the enforceability of the invalid or unreasonable section, provided such enforcement is consistent with the general intent of the Parties as evidenced by this Agreement as a whole.

10. Execution and Effective Date. IN WITNESS WHEREOF, the Parties have duly executed this Agreement as of 12/08/2022 (date). This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.
