WHEREAS, TOTAL PIPING SOLUTIONS, INC. ("TPS"), a New York corporation having a place of business at 1760 Haskel Road, Olean, New York 14760, is desirous of acquiring all right, title and interest in and to the Application, the invention described therein, and any and all applications and patents claiming priority therefrom.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby assign, sell, transfer, convey and set over to TPS, free and clear of all liens, encumbrances and other restrictions or obligations, all of our right, title and interest in and to (i) the Application, (ii) all inventions and designs described in the Application, and all patent applications relating thereto which have been or shall be filed in the United States, its territorial possessions and/or any foreign countries, including without limitation U.S. Patent Application No. 16/271,145 filed February 8, 2019, U.S. Patent Application No. 15/829,645 filed December 1, 2017 and U.S. Provisional Patent Application No. 62/429,611 filed December 2, 2016, (iii) all applications claiming the benefit of the filing date or claiming priority, directly or indirectly, from any of the foregoing, including without limitation any and all divisional applications, continuation applications, continuation-in-part applications, reissue applications, reexaminations, extensions and corresponding international, regional, national and other foreign applications, (iv) all rights, including without limitation all priority rights, under any international conventions, unions, agreements, acts and treaties, (v) all patents issuing or reissuing, directly or indirectly, from any of the foregoing, (vi) all other forms of protection that may be provided in any country for the Application, any of the inventions described

AND, We do hereby acknowledge and agree that TPS, as the assignee of the entire right, title and interest thereto, shall have sole control over and sole and absolute discretion with respect to any decisions regarding the Subject Property.

AND, We do hereby authorize and request that any patents issued from any of the Subject Property be issued to TPS, as the assignee of the entire right, title and interest thereto.

AND, We do hereby agree to execute, upon request of TPS and at TPS's expense, any and all documents that TPS deems necessary or convenient to vest or record title in and to any of the Subject Property in TPS, and to provide such other material, information or assistance related to the Subject Property as TPS may deem necessary or convenient.

AND, We do further understand, confirm and acknowledge that in executing this document we are transferring our entire interest in and to the Subject Property to TPS, and that the attorney(s) appointed in the Application also represent TPS and any co-inventor(s) identified in the Application.
