**The below-named signers hereby declare that:**

this Assignment is directed to all of the patents and patent applications attached to this document as **Attachment A**, including any parent and child applications.

WHEREAS, the patents and patent applications listed in Attachment A were made, filed, prosecuted, and where relevant issued at the behest of John B. Adrain, having a mailing address at 2503 South Geiger Blvd, Spokane WA, 99224, with a current place of business of 618 W. RIVERSIDE AVE. SUITE 300, Spokane, Washington, 99201 hereinafter referred to as "Inventor", an individual inventor, and

WHEREAS, new and useful improvements have been made by John B. Adrain as inventor as described in the identified patents and patent applications, and

WHEREAS, Disruptive Resources, LLC, having a place of business and/or mailing address at 1309 Coffeen Avenue Suite 2107, Sheridan, Wyoming 82801, is a Limited Liability Company formed under the laws of the state of Wyoming, hereinafter referred to as "Assignee", and

WHEREAS, Heracles Research Corporation, a corporation with offices located at 618 W. RIVERSIDE AVE. SUITE 300, Spokane, Washington, 99201 is a corporation organized under the laws of Delaware; and

WHEREAS, Heracles Research Corporation is desirous of transferring any interest it may have in the listed patents to Disruptive Resources, LLC; and

WHEREAS, John B. Adrain is desirous of transferring any interest it may have in the listed patents to Disruptive Resources, LLC in return for Disruptive Resources, LLC accepting all outstanding monetary obligations related to the patents and patent applications and in return for compensation John B. Adrain for expenses incurred in the preparation, filing, prosecution, and issuance of said patents and patent applications; and

WHEREAS, Disruptive Resources, LLC, is desirous of documenting the acquisition, and otherwise by action of this Assignment acquiring, all right, title, and interest throughout the world in, to, and under said improvements and inventions and patent rights for the patents and patent applications listed in Attachment A, all foreign counterparts therefor, any related patents and patent applications, and any other patents and patent applications that were owned by John B. Adrain and/or Heracles Research Corporation; and

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged by all, all right, title, and interest, in the United States and throughout the world, in, to and under said improvements and inventions and all patents, patent applications, patent rights, and inventors' certificates thereof, therefor, and therein, including without limitation said patents and said applications for patent in the United States, all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all right to sue for past infringement thereunder, all patents

which may be granted for said improvements and inventions by states or nations other than the United States, or by other authority, entity, or organization, all applications therefor, and all rights of priority resulting from the filing of said patents and patent applications as listed in **Attachment A**, have been and are hereby sold, assigned, transferred, and delivered unto Assignee, its successors and assigns by the undersigned; and it is covenanted and agreed by the undersigned, and for executors, administrators, successors, debtors, managers, employees, contractors, and legal representatives of the undersigned, that at Assignee's request any and all applications, affidavits, assignments, and other instruments will be made, executed, and delivered as may be necessary, or desirable to secure for or vest in Assignee, its successors or assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other right or property covered by this assignment, and the United States Commissioner of Patents and Trademarks is hereby requested and authorized to issue any and all United States patents granted on any of said applications to Assignee as owner of the entire right, title, and interest in, to, and under the same, and appropriately empowered officials of foreign countries are hereby authorized to issue any letters patent granted on any of said patents and applications to Assignee as owner of the entire right, title and interest in, to, and under the same.
