**PATENT ASSIGNMENT**  
**Attorney Docket No. P NXT 101 USORG**

**ASSIGNMENT**

**I, JOHN SWOYER, of Blaine, Minnesota, USA, have invented the inventions described in the following United States Patent Application:**

- **United States Patent Application Serial No. 17/013,112 entitled “Systems, Devices, Components and Methods for the Delivery of Electrical Stimulation to Cranial Nerves to Treat Mood or Mood Affective Disorders” to Swoyer filed on September 4, 2020, in the United States Patent and Trademark Office (Attorney Docket No. P NXT 101 USORG).**

**The ASSIGNEE, Nextern, Inc., 1185 Birch Lake Blvd North, White Bear Lake, Minnesota, 55110, United States, desires to secure the entire right, title and interest therein.**

**For good and valuable consideration, the receipt and sufficiency of which I hereby acknowledge, I HEREBY ASSIGN TO THE ASSIGNEE:**

**The entire right, title and interest in said inventions in the above-identified United States patent application and in all design, utility, divisional, continuation, and continuation-in-part patent applications corresponding or relating thereto, or from which said United States patent application claims priority or any other benefits, or any reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding or related applications filed in countries foreign to the United States, and in all patents, copyrights, industrial design registrations, and/or trademark registrations issuing thereon in the United States and Foreign countries.**

The right to file foreign patent, industrial design and trademark applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent, copyright, trademark or industrial design laws to issue patents, to issue any and all patents, copyrights, trademarks, and/or industrial design registrations on said invention to the Assignee as the owner of the entire interest, for the sole use and benefit of the said Assignee, its successors, assigns and legal representatives.

I hereby agree, without further consideration and without expense to any of me individually or as an employee or officer of any corporation or group, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of me to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all design, original, divisional, substitute, reissue, and other United States and foreign patent, trademark, copyright and/or industrial design registration applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent, trademark, copyright, and/or industrial design registration applications.

Cooperation to the best of my ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon my heirs and legal representatives.

I hereby grant the firm of Woods Patent Law, P.C. of Placitas, New Mexico 87043 USA the power to insert in this assignment any further identifying information, including the application serial number and filing date of any of the patent applications identified above, which may be necessary or desirable to comply with the rules of the United States Patent and Trademark Office for recordation of this document therewith.

Executed at X 4:30 pm, this X ~~25th~~ day of September, 2020.

X
