INVENTED certain improvements relating to **Ultra-Wideband Impulse Radios** which have described within documents including, but not limited to, that listed below:

“Systems and Methods for Spectrally Efficient and Energy Efficient Ultra-Wideband Impulse Radios with Scalable Data Rates”

filed **June 1, 2015** under United States Provisional Patent Application No. **62/169,066**;

WHEREAS, Université du Québec à Montréal, hereinafter referred to as the assignee, whose full post office address is **1430 rue Saint-Denis, C.P. 8888, Montréal, Québec, H2X 3P8** was and is desirous of and did acquire the entire right, title and interest in and to said invention or inventions and in and to any and all patents to be obtained therefor;

NOW, THEREFORE, we did as of August 10, 2015 assign the right to said patent to Université du Québec à Montréal by virtue of the Assignment Agreement entitled “Convention de Cession Entre L’UQAM et Nabkim Delandes et al.” (Reference: SePSI-15-DESLD-CE01) as witnessed by Frederic Nabki, Dominic Deslandes, Mohammad Taherszadeh-Sani and Michiel Soer for themselves and by Catherine Mounier, Vice-President Research and Development for the Université du Québec à Montréal;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other valuable consideration, the receipt of which is hereby acknowledged, and do by these presents do hereby sell, assign and transfer unto said assignee, its successors and assigns, the entire right, title and interest in and to said invention or inventions, as described in the aforesaid application / disclosure, in any form or embodiment thereof, and in and to the aforesaid application, and in and to any applications filed in any foreign country based thereon, including the right to file said foreign applications under the provisions of the International Convention; also the entire right, title and interest in and to any and all patents, reissues or extensions thereof to be obtained in this or any foreign country upon said invention or inventions, and any divisional, continuation, substitute application(s) or supplementary disclosure(s) which may be filed upon said invention or inventions, in any country; and we hereby authorize and request the issuing authority to issue any and all patents on said application or applications to said assignee.

WE FURTHER AGREE without any payment by said assignee other than expenses incurred by the undersigned, to communicate to said assignee, its representatives or agents, any facts relating to said invention or inventions, including evidence for interference purposes or for other proceedings, whenever requested; testify in any interference or other proceedings, whenever requested; and execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective, and likewise make these provisions binding upon our heirs, legal representatives, administrators and assigns.
