NOTICE OF GRANT OF SECURITY INTEREST  
IN UNITED STATES PATENTS

FOR GOOD AND VALUABLE CONSIDERATION, receipt and sufficiency of which are hereby acknowledged, Prosharp Inc., a corporation under the laws of New Brunswick (the "Grantor") hereby pledges and grants to Bank of America, N.A., as Collateral Agent (the "Grantee"), for the benefit of the Secured Creditors (as such term is defined in the Security Agreement referred to below), a continuing security interest in all of the right, title and interest of such Grantor in, to and under (i) (a) all industrial designs, letters patent, certificates of inventions, all registrations and recordings thereof, and all applications for letters patent, including registrations, recordings and pending applications in the United States Patent and Trademark Office, including those set forth in Schedule A hereto, (b) all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein and all improvements thereto, (c) income, fees, royalties, damages, claims and payments now or hereafter due and/or payable thereunder and with respect thereto, including damages and payments for past, present or future infringements or other violations thereof, and all other Proceeds (as such term is defined in the Security Agreement referred to below), (d) rights to sue for past, present or future infringements or other violations thereof, and (e) rights corresponding thereto throughout the world (collectively, the "Patent Collateral").

THIS GRANT (this "Grant") is made to secure the prompt and complete payment and performance when due of all the Obligations of the Grantor, as such term is defined in the U.S. Security Agreement among the Grantor, the other Grantors from time to time party thereto and the Grantee, dated as of November 7, 2019 (as amended, modified, restated and/or supplemented from time to time, the "Security Agreement"). Upon the occurrence of the Termination Date (as defined in the Security Agreement), the Grantee shall execute, acknowledge, and deliver to the Grantor an instrument in writing releasing the security interest in the Patent Collateral acquired under this Grant.

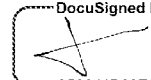

This Grant has been granted in conjunction with the security interest granted to the Grantee under the Security Agreement and is expressly subject to the terms and conditions thereof. The rights and remedies of the Grantee with respect to the security interest granted herein are as set forth in the Security Agreement, all terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event that any provisions of this Grant are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern.

This Grant is subject to the terms and conditions set forth in Permitted Split Lien Intercreditor Agreement (as defined in the Security Agreement), if any, in all respects and, in the event of any conflict between the terms of any Permitted Split Lien Intercreditor Agreement and this Grant, the terms of such Permitted Split Lien Intercreditor Agreement shall govern.
