Title: SYSTEMS, APPARATUS AND METHODS FOR FORKING DISTRIBUTED LEDGER DATA WITHIN A NETWORK AND SECURELY WITHOUT USING PRIVATE KEYS

WHEREAS, the inventor developed said invention(s) at the request of, under the direction, supervision and funding of, and to promote the purposes of EYGS LLP, a limited liability partnership organized under the laws of England and Wales having its principal place of business at 6 More London Place, London, SE1 2DA, United Kingdom (including its successors, legal representatives and assigns, the "Assignee");

WHEREAS, Employer made the inventor available to the Assignee at the request of, under the direction, supervision and funding of, and to promote the purposes of the Assignee, and as such Employer acknowledges that it does not have

a right, title or interest in or to said inventions, said applications and said patents and wishes to confirm that Assignee has all right, title or interest, of any nature whatsoever, with respect said inventions, said applications and said patents;

WHEREAS, the Assignee is desirous of confirming its ownership of the entire right, title, and interest in and to said invention(s), said application(s), and said patent(s), the right to file applications on said invention(s), the entire right, title and interest in and to any application(s), the right to recover any and all past, present, and future damages, including provisional or other royalties, for any and all past, present, and future infringements of said application(s) and said patent(s), and the entire right, title, and interest in and to any and all Letters Patent or Patents, United States or foreign, to be obtained for said invention(s) and said application(s);

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, to the extent it ever had or presently has any legal or other interest in said invention(s), application(s) and/or patent(s), the Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns the entire right, title, and interest in and to said invention(s), and application(s), and said patent(s), the right to file applications on said invention(s), the entire right, title and interest in and to any applications for Letters Patent of the United States or other countries claiming priority to said application(s), including divisions, continuations, and continuations-in-part of said application(s), the right to recover any and all past, present, and future damages, including provisional or other royalties, for any and all past, present, and future infringements of said application(s) and said patent(s), the entire right, title and interest in and to any and all Letters Patent or Patents, United States or foreign, to be obtained for said invention(s) and said application(s), the entire right, title and interest in and to any and all reissues and extensions of said patent(s), and all rights under the Hague Convention, the Paris Convention for the Protection of Industrial Property, and under the Patent Cooperation Treaty, the same to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor to the extent of any interests it had therein had this sale and assignment not been made;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, to the extent it had any right, title and interest in and to said invention(s), said application(s), and said patent(s), the same are unencumbered, and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said invention(s), said application(s), said patent(s), any application claiming priority to said application(s), any reissue or extension of said patent(s), and any United States or foreign Letters Patent or Patents for said invention(s) or said application(s), including interference and derivation proceedings, and any post-grant proceedings (e.g., opposition proceedings, post-grant reviews, *Inter partes* reviews, supplemental examinations, etc.), is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent or Patents for said invention(s), without charge to the Assignee, its successors, legal representatives, and assigns, but at the cost and expense of the Assignee, its successors, legal representatives, and assigns;

AND the Assignor hereby requests the Commissioner of Patents to issue any and all aforementioned patent(s) of the United States to the Assignee, as the Assignee of said invention(s) and the Letters Patent to be issued thereon for the sole use and behalf of the Assignee, its successors, legal representatives, and assigns;

AND Employer hereby acknowledges and confirms that it does not have a right, title or interest in or to said inventions, said applications and said patents; Employer hereby quitclaims to Assignee any and all claims related to said inventions, said applications and said patents, of any nature whatsoever, which Employer now or may hereafter have; and Employer hereby acquiesces to each inventor assigning the entire right, title, and interest in and to said invention(s), and application(s), and said patent(s) to Assignee.
