CONFIRMATORY INVENTOR ASSIGNMENT TO CSIRO

INVENTION

DHA ENRICHED POLYUNSATURATED FATTY ACID COMPOSITIONS

I, the undersigned inventor, am an inventor of the invention identified below, and was at all material times employed by the **Commonwealth Scientific and Industrial Research Organisation**, a body corporate constituted by the Science and Industry Research Act 1949 of the Commonwealth of Australia, with its Head Office at Clunier Ross St, Acton, ACT, 2601, Australia (**CSIRO**).

I confirm that as a result of at least the provisions of my contract of employment and the Australian Commonwealth Science and Industry Research Act 1949 that CSIRO is the owner of all my right, title and interest in and to the invention and all patent applications filed in relation to the invention.

To the extent that the above confirmed assignment may be ineffective for any reason, and in consideration of the payment to us of the sum of one dollar (\$1.00) (receipt of which is hereby acknowledged) and for other good and valuable consideration, I hereby:

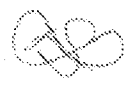

(1) Assign to **CSIRO**:

- (i) all our/my rights, title and interest in and to the invention described in **European Provisional Patent Application EP18179070.0** filed on 21st June 2018 the 'Application', and any Letters Patent granted in respect of the Application, and
- (ii) the right to file and prosecute in any country in the world any applications for registration of intellectual property rights claiming priority from the Application, including applications for patents, divisionals, continuations, continuations-in-part, petty patents, utility models and inventors' certificates.

(2) Agree that I will:

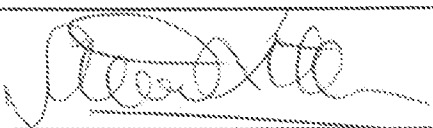

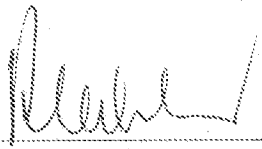

- (i) communicate to CSIRO, its successors or assignors, any facts known to me, that would be relevant to filing and prosecuting the invention, and
- (ii) execute all documents, and generally do everything CSIRO, its successors or assignors may reasonably require to obtain and enforce registration of intellectual property rights or any other form of legal protection for the invention in any country of the world.

(3) Authorise and request the Commissioner or Comptroller of Patents and such other persons as are duly appointed to administer patent and like laws in any country to issue any and all such Letters Patent and other registrable rights to CSIRO, its successors or assigns.

EXECUTED AS A DEED
