ASSIGNMENT

THIS ASSIGNMENT is made by Renaudia Medical, LLC, a California limited liability company, having an address of 7977 Grado El Tupelo, Carlsbad, California 92009, herein referred to as Assignor, to William H. Murphy, Jr. (also known as William H. Murphy), herein referred to as an Assignee, of 215 Lakeland Way, Aurora, Ohio 44202, and to Richard H. Salzar, herein also referred to as an Assignee, of 6443 Terraza Portico, Carlsbad, California 92009. Both Assignees above may be referred to herein collectively as the Assignees;

WHEREAS, Assignor received ownership of certain patent applications and certain patents shown in the table printed below by assignment from Assignees. All applications and patents listed below are collectively referred to herein as the "applications and the patents." All of the applications and patents listed below in the table and all of the inventions contained in those applications and patents listed below were invented by Assignees;

Table of Applications and Patents

| Patent No. | App. No. | Title | Docket No. |
|---------------------------------|--|--|------------|
| US 9,089,642 | 13/528,758 | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PUSP |
| US 10,149,938 | 14/808,928 | Distributed Medication Delivery Method Having Autonomous Delivery Device | 0101PUSP1 |
| US 10,556,063 | 16/215,600 | Distributed Medication Delivery Using Autonomous Delivery Device | 0101PUSP2 |
| | PCT/US2012/043397 (International App.) - Expired | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PCT |
| AU 2012272984 (Australia) | 2012272984 | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PAU |
| | 2839443 Canada-Abandoned | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PCA |
| | 12803480.8 Europe-Abandoned | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PEP |
| | US 61/499,091 Provisional - Expired | Distributed Medication Delivery System and Method Having Autonomous Delivery Devices | 0101PRV |

WHEREAS, Assignor desires to assign back to Assignees the applications and patents and all inventions in the applications and patents whether or not those inventions are claimed in the applications and patents; and

WHEREAS, Assignees desire to receive ownership of the applications and patents and the inventions contained therein;

NOW, THEREFORE, for the sum of ten dollars (\$10) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to each of the Assignees as joint owners, an undivided interest in the entirety of the applications and patents and in and to the inventions contained therein whereby each Assignee has an undivided interest in and to the applications and patents, and in and to any reissue, reexamination certificate, review certificate, and including the right to file foreign applications directly in the name of Assignees and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise, and including without limitation, all rights to pursue damages, injunctive relief, and other remedies for past, current, and/or future infringement of the patent applications and the patents.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, it and its legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, maintaining, sustaining, reissuing, reexamining, and reviewing under any provision of the America Invents Act, and for enforcing the patent applications and patents in the United States and throughout the world, and for perfecting, recording, or maintaining the title of Assignees, their successors and assigns, to the inventions, the applications, and the patents in the United States and throughout the world;

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein; and

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters patent granted for the inventions, whether on the applications, or on any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignees, their successors and assigns, as the assignees of the entire interest in and to the inventions, the applications, and the patents.

IN WITNESS WHEREOF, Assignor, by its duly authorized representative, and Assignees have executed this Assignment on the date written herein below.
