ASSIGNMENT

Title of Invention: Methods and Systems for High Fidelity Electrical Capacitance Tomography

This assignment is directed to the invention disclosure entitled "Methods and Systems for High Fidelity Electrical Capacitance Tomography," filed on March 13, 2018 having Ryan Penny and Gregory Passa as listed inventors, hereinafter designated as the "Disclosure".

Assignment

Arthur Passa  
95 Adams Drive  
Portsmouth, Rhode Island, 02871  
Hereinafter designated the "Assignee"

I assign and transfer, or have transferred to the Assignee the entirety of whatever right, title, and interest I may have under the Disclosure, including all inventions therein disclosed, and all Letters Patent of the United States which may be granted for such inventions, all such inventions, and all rights to any and all applications including provisional, substitutions, divisions, and continuations thereof, and to all Letters Patent that may be granted for said inventions, and to all extensions, reexaminations, and renewals thereof, to be held by Assignee for its own use to the full end of the term or terms for which such Letters Patent may be granted.

My wishes are Arthur Passa dedicate any such benefits derived from said Disclosure to the public. Any finding that I do not have any right, title and interest under the Disclosure would null and void this assignment.

I hereby authorize and request Assignee to insert here in parentheses

(16/351,253, filed: 03/12/2019; 62/642,572, filed 3/13/2018 ) the filing date and application number of any and all applications relating to the Disclosure when known.
