ASSIGNMENT AGREEMENT

This Assignment Agreement (this "**Assignment**") is made by and between James W. Baker (the "**Inventor**") and JWB Investments, LLC d/b/a Xtract Solutions, an Oregon limited liability company with offices located at 9954 SW Arctic Drive, Beaverton, OR 97005 (the "**Assignee**"), regarding patent applications and patents titled SYSTEM FOR DISPENSING BIOLOGICAL FLUIDS.

WHEREAS, together with Gary A. Kirian, the Inventor has invented one or more inventions disclosed and/or claimed in the Applications (the "**Inventions**") filed in the United States Patent and Trademark Office ("**USPTO**") as listed on Schedule 1 attached hereto;

WHEREAS, the Assignee, together with its successors and assigns, desires to acquire the Inventor's entire right, title and interest in and to the Inventions and to the Applications (as defined herein).

NOW, THEREFORE, the parties agree as follows:

1. For consideration of \$100, and for other good and valuable consideration from the Assignee to the Inventor, the receipt and adequacy of which are hereby acknowledged, the Inventor hereby conveys, transfers and assigns to the Assignee, its lawful successors and assigns, and the Assignee accepts, the Inventor's entire and exclusive right, title, and interest in and to the Inventions and all patents and claims that may be granted therefor in the United States and all other countries, territories, and jurisdictions in the world (collectively, the "**Countries**"), and to all existing or future related applications, divisions, substitutes, renewals, reissues, continuing applications, conversions, re-examinations, extensions, and any resulting patents thereof in all Countries (collectively, the "**Applications**") for the full terms for which the same may be granted and any rights associated therewith, including, but not limited to, any and all royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and to the right to claim benefit and priority from the Applications in all of the Countries.
2. The Inventor represents and warrants that he has the ability to convey his rights and interests herein assigned, that there are no rights or interests outstanding of the Inventor inconsistent with the rights and interests granted herein, and that he will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.
3. The Inventor authorizes the Assignee to file for and request that the USPTO and corresponding bodies in each of the other Countries issue any and all patents resulting from any of the Applications to the Assignee.
4. This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is binding on the Inventor and his respective heirs, legal representatives, and assigns.
5. The Inventor shall take such steps and actions, and provide such cooperation and assistance, at the Assignee's expense, to the Assignee and its successors, assigns, and legal representatives, in connection with the Inventions and the Applications, or for any inventions and discoveries derived therefrom, as may be necessary to effect, evidence, or perfect this Assignment to the Assignee or any assignee or successor thereto, including, but not limited to:
 - (a) the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, documents in connection with claims or provisions of the

International Convention for the Protection of Industrial Property or similar treaties and agreements, or other lawful papers;

(b) the execution and delivery of all papers necessary in connection with any administrative or judicial proceedings;

(c) and the provision of information and testimony and cooperation in every way in obtaining and producing evidence and prosecuting such proceedings.

6. This Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Assignment and the transactions contemplated hereby is governed by, and construed in accordance with, the laws of the United States and the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).
