CONFIRMATORY ASSIGNMENT

WHEREAS, Forkbeard Technologies AS, a Corporation duly organized and existing under the laws of the Norway, with its principal offices at _Drammensveien 288 Oslo 0283 Norway, hereafter referred to as ("Assignor") and Sonitor Technologies AS, a corporation formed under the laws of Norway, with its principal offices at _Drammensveien 288 Oslo 0283 Norway, hereafter referred to as ("Assignee"), entered into a Corporate Restructuring Agreement ("Agreement") having an effective date of October 22, 2022;

WHEREAS, Assignor assigned and transferred to Assignee, on October 22, 2022, all right, title, and interest in and to certain inventions, patents, and applications (the "Assigned Inventions"), including the patents and applications set forth in Schedules A and B attached hereto; and

WHEREAS, the parties need a document that can be recorded to demonstrate the assignment of the Assigned Inventions, including the patents and applications set forth in the attached Schedule A;

NOW, THEREFORE, for good and valuable consideration, Assignor does hereby confirm that Assignor assigned and transferred to Assignee, its representatives, successors, and assigns, its entire right, title and interest, including the right to sue for past infringement and to collect for all past, present and future damages, income, royalties or payments, in the United States and throughout the world, (a) in the Assigned Inventions, in any and all applications thereon, and in any and all Letters Patent(s) therefor, and (b) in any and all applications that claim the benefit of the patent application listed above in part (a), including continuing applications, reissues, extensions, renewals and reexaminations of the patent application or Letters Patent therefor listed above in part (a), to the full extent of the term or terms for which Letters Patents issue, and (c) in any and all inventions described in the patent application listed above in part (a), and in any and all forms of intellectual and industrial property protection derivable from such patent application, and that are derivable from any and all continuing applications, reissues, extensions, renewals and reexaminations of such patent application, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable; all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

The undersigned hereby grants the patent practitioners associated with **CUSTOMER NUMBER 26111** the power to insert in this CONFIRMATORY ASSIGNMENT any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
