ASSIGNMENT

I the undersigned, hereinafter referred to as "Assignor," am an inventor of an invention entitled WHEELCHAIR. Example embodiments of said invention are disclosed in a United States patent application which:

☐ is executed concurrently herewith for filing in the United States Patent and Trademark Office and has been assigned Application Serial No _____, with a filing date of _____.

☒ was previously filed in the United States Patent and Trademark Office on October 5, 2020 as Patent Application Serial No. 17/045,449.

☐ is a United States National Application of PCT International Application No. _____, filed _____.

The Assignee listed below desires to secure the below named inventor's entire right, title and interest in the above-identified application and in the invention disclosed therein:

EPPUR

70 rue du docteur Yersin, Loos, France 59120

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to me by the Assignee(s), the receipt and sufficiency of which is hereby acknowledge, I HEREBY ASSIGN TO THE ASSIGNEE(S):

The entire right, title and interest in the above-identified application and in the invention disclosed therein, and in all divisions, continuations and continuations-in-part of said application, and in all applications and patents claiming priority thereto, and in all corresponding applications filed in countries foreign to the United States and in all patents issuing or granted thereon in the United States and/or foreign countries and in all reissues or extensions of patents granted thereon.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the priority to or the benefit of the above-identified application including under all applicable treaties and conventions.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee(s) as the owner of the entire interest, for the sole use and behoof of the said Assignee(s), its successors, assigns and legal representatives.

I hereby agree, without further consideration and without expense, to sign all lawful papers and to perform all other lawful acts which the Assignee(s) may request of me to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, continuation, continuation-in-part, substitute, reissue, and other United States and foreign patent applications on the invention, and all lawful documents requested by the Assignee(s) to further the prosecution of any of such patent applications.

Cooperation to the best of my ability in: (1) proceedings relating to nullification, reissue, extension, post grant, inter partes, derivation, supplemental examination, and infringement involving the invention; (2) execution of all lawful documents involving the invention; and (3) the production of evidence involving the invention.

This assignment and agreement shall be binding upon my heirs and legal representatives.
