**Confirmation of assignment**

The undersigned assignor ("Assignor") hereby confirms that he/she no later than December 16 2019 has assigned to Tobii AB ("Company"), having its address at P.O. Box 743, SE-182 17 DANDERYD, Sweden, Assignor's entire rights to an INVENTION defined in the U.S. patent application No. 16/716,073 ("Delay warp gaze interaction") in all countries.

1. The assignment includes but is not limited to the right to use convention priority of the first filed patent application in all countries, the rights to patent applications and granted patents, including divisionals, continuations, re-issues, re-examinations, extensions, and supplementary protection certificates, in all countries, and any and all rights arising from such patent applications and granted patents.

2. The assignment includes but is not limited to the right to take action against an infringement in any transferred right which has occurred before the assignment and to claim compensation and damages for such infringement.

3. Any Assignor's compensation related to the assignment shall be subject to a separate agreement. In the absence of such a separate agreement, the signing of this Confirmation of assignment does not deprive the Assignor his right to claim and negotiate a compensation for the assignment of his rights referred to in this Confirmation of assignment.

4. The Assignor undertakes to, on request and without delay or consideration, execute and sign documents that may be required for asserting the rights transferred hereby and for applying for and receive patents, and otherwise take all necessary action to assist Company in its acquisition, defence and enforcement of the assigned rights.

5. If the Assignor is prevented from signing documents in person for whatever reason, or refuses to sign, this document of Confirmation of assignment shall be valid as a Power of Attorney for the Company to sign such documents on behalf of the Assignor.

6. Swedish law, excluding its conflict of law principle, shall apply to this Confirmation of assignment.
