Case No. 515448.5001218 2022P00515

**ASSIGNMENT**

WHEREAS, Jeremy Gallagher, the "Assignor", has made the invention described in the United States patent application entitled **ULTRA HIGH TEMPERATURE SPEED SENSOR SYSTEM IN A GAS TURBINE ENGINE**, executed by Assignor on the same date as, or on a date prior to, this Assignment;

WHEREAS, Rolls-Royce North American Technologies Inc., a corporation organized and existing under the laws of the State of Delaware, having a place of business at 2059 South Tibbs Avenue, Indianapolis, IN 46241, hereinafter called the "Assignee," desires to acquire the entire right, title and interest in and to the invention and the patent application identified above, and all patents which may be obtained for said invention, as set forth below;

NOW, THEREFORE, in consideration of valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is acknowledged, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in the invention and the patent application identified above, and any patents that may issue for the invention in the United States; with the entire right, title and interest in the invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; with the entire right, title and interest in all continuations, continuations-in-part, divisions, renewals and extensions of any of the patent applications and patents defined above; with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

The Assignor covenants and agrees, for both the Assignor and the Assignor's legal representatives, that the Assignor will assist the Assignee in the prosecution of the patent application identified above; in the making and prosecution of
