BJES and the Trust are each referred to individually as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, the Trust was created on November 6, 2020 in connection with the Chapter 11 bankruptcy proceeding of BJ Services, LLC, BJ Management Services, L.P., BJ Services Holdings Canada, ULC, and BJ Services Management Holdings Corporation, which was filed in the United State Bankruptcy Court for the Southern District of Texas (Cause No. 20-33627);

2. Condition Precedent. This Assignment and the Trust's and BJES's obligations under this Assignment are expressly contingent and conditioned upon Chevron Canada's execution of the letter (the "Chevron Canada Letter") substantially in the form attached as Exhibit B to the Settlement Agreement (or in a form otherwise agreeable to the Trust and BJES). If Chevron Canada does not execute the Chevron Canada Letter within thirty days from the Parties' execution of this Assignment (or by a date otherwise expressly agreed in writing by the Parties), then this Assignment shall be void and unenforceable in its entirety.

3. Assignment. The Trust hereby transfers and assigns to BJES, and BJES hereby accepts all right, title and interests that the Trust holds in and to the IP Assets, subject to any limitations or encumbrances thereon, together with the tangible and intangible property rights relating to or arising out of the IP Assets, including, without limitation, any and all rights, title, and/or interests that the Trust holds in Patents, Trademarks, Copyrights, Mask Works and Technology. By way of example, and without limitation, the Trust hereby assigns the following, but only to the extent that the Trust holds any right, title, and/or interest in them:

(a) all Patents, including, by way of non-limiting example, the patents and patent applications listed in Schedule A;

(b) All Trademarks, including, by way of non-limiting example, the trademarks and domain names listed in Schedule B;

(c) all Copyrights, published and unpublished works of authorship attendant to the IP Assets, including all copyrights rights therein, industrial designs, industrial models and proprietary designs, and also including, by way of non-limiting example, the registered Copyrights listed in Schedule C (collectively, the "Works"), including without limitation (i) the entirety of all common law and statutory copyrights in the Works; (ii) all copyright registrations or copyright applications covering the Works, and all renewals and extensions thereof; (iii) all rights of reproduction in any and all media based upon the Works; (iv) all rights to prepare any derivative works based on the Works; (v) all rights to distribute (including, without limitation, distribute electronically) copies of the Works in any and all media to the public by sale or other transfer of ownership or by rental, lease, or lending; and (vi) all rights to display in any and all media and perform the Works publicly;

(d) all Technology owned or controlled by the Trust as of the Effective Date, including any In-Scope Emails;

(e) all claims and/or causes of action of BJ Services, LLC, BJ Services Canada, ULC or the Trust whether now existing or hereafter arising under the In-Scope Contracts or IP Assets, including, without limitation, the right to take action to enforce or seek damages arising from any counterparty's breach (whether now existing or hereinafter arising) of any confidentiality or non-disclosure obligations or to assert rights of inventorship or ownership of Intellectual Property; for the sake of clarity, the Trust is not

transferring or assigning to BJES any claims or causes of action except those arising from, or relating to, the IP Assets, nor is the Trust transferring or assigning to BJES any claim or cause of action arising from any account receivable owing to the Trust; and

(f) all income, royalties, damages, claims, and payments now or hereafter due or payable with respect to any of the foregoing, all causes of action for past, present or future infringement based upon, relating to, or arising out of any of the foregoing, and all rights corresponding to the foregoing throughout the world.

4. Delivery of Records. Within ten days of the Effective Date of this Agreement, the Trust shall make available to BJES the originals of any Patent and Trademark prosecution files and all other documents pertaining to the prosecution, maintenance and enforcement of the IP Assets and any In-Scope Emails in its possession, custody or control. BJES shall be responsible for payment of all costs or expenses arising from the transfer to BJES of any documents, files, or emails required pursuant to this Agreement, including all reasonable professional fees incurred by the Trust to facilitate the transfer. If BJES inadvertently receives any Out of Scope Emails, BJES agrees to comply with the reasonable written instructions of the Trust with regard to the deletion or destruction thereof, and in any event shall not use or disclose any Out of Scope Emails except as otherwise required by law or legal process.

5. Confidentiality. To the extent the Trust retains any non-public records, books, contracts, agreements, instruments, computer data, email, or other information relating to the IP Assets or relating to any Intellectual Property previously conveyed to BJES (collectively, "Confidential Information") after delivery of the records to BJES pursuant to this Agreement, the Trust shall hold such information in strict confidence and shall not use such information except to perform its obligations under this Agreement. Confidential Information does not include any information that can be shown to have been (i) previously known by the Trust on a non-confidential basis, (ii) in the public domain through no fault of the Trust or (iii) later lawfully acquired from other sources by the Trust to which it was furnished and such other source is not subject to a confidentiality restriction with regard to such information. This section 4 shall not prohibit disclosure of Confidential Information required by applicable law to be disclosed, but such additional disclosure shall be limited to that actually required by law, and the Trust shall give BJES party as much notice as is practicable of such obligation (except where prohibited by applicable law) so that BJES may seek a protective order or other similar or appropriate relief, and also shall undertake in good faith to have the Confidential Information disclosed treated confidentially by the party to whom the disclosure is made.

6. Representations and Warranties; Disclaimer of Warranties. The Trust hereby represents, warrants and covenants that (a) the Trust has the right, and full power and authority, on behalf of the Trust to make the assignments as well as the representation, warranties and covenants made herein; (b) the Trust has not executed nor will it execute any agreement in conflict herewith; and (c) the Trust will not challenge or dispute the ownership, validity or enforceability of the IP Assets either directly or indirectly, nor allow any person or entity under the Trust's control to do so. THE TRUST ASSIGNS THE IP ASSETS TO BJES "AS IS" AND MAKES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, IN RELATION TO THE IP ASSETS, INCLUDING BUT NOT LIMITED TO AS TO THE OWNERSHIP, VALIDITY, ENFORCEABILITY, OR INFRINGEMENT OF THE IP ASSETS OR WITH REGARD TO LIMITATIONS, LIENS, OR OTHER ENCUMBRANCES UPON THE IP ASSETS (SUCH AS OUTBOUND LICENSES, AS A NON-LIMITING EXAMPLE). FOR CLARITY, THE TRUST DOES NOT REPRESENT THAT IT HOLDS ALL RIGHT, TITLE, OR INTEREST IN ANY PARTICULAR IP ASSET. WITHOUT LIMITING THE FOREGOING, THE TRUST DISCLAIMS ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. THE TRUST DOES NOT WARRANT THAT PRACTICE OR USE OF THE IP ASSETS WILL NOT INFRINGE THE RIGHTS OF OTHERS.

7. Moral Rights. BJES and its successor(s), as owner of the Works, may use the Works for any lawful purpose without restriction, and the Trust waives any and all moral rights the Trust had, has or may have in or to the Works in the United States of America and all other countries, including, without limitation, any rights the Trust may have under 17 U.S.C. § 106A or any other law, rule or regulation in any jurisdiction.

8. Further Assurances; In-Scope Contracts. The Trust agrees to use reasonable efforts to execute and deliver or cause to be executed and delivered to BJES, at BJES's expense (but without further compensation to the Trust), such further instruments of transfer and conveyance, to execute and deliver or cause to be executed and delivered all applications and all divisional, continuing and reissue applications, to execute and deliver or cause to be executed and delivered all renewals, to make or cause to be made all rightful oaths, and to take or cause to be taken such other actions as may reasonably request to carry out the transfer of the IP Assets conveyed herein. The Trust will, and will cause persons under its control to, communicate to BJES, its successors, legal representatives and assigns, any facts known to them respecting the IP Assets, testify in any legal proceeding, and generally take reasonable efforts to aid BJES, its successors, legal representatives and assigns, to obtain and enforce and protect the IP Assets in all countries. If requested in writing by BJES, the Trust shall use commercially reasonable efforts to assign, convey and transfer to BJES any of the In-Scope Contracts so requested by BJES, including, if necessary, seeking judicial approval of such assignment, conveyance or transfer. BJES shall pay, or reimburse the Trust for, all reasonable out of pocket expenses incurred by the Trust incident to the performance of its obligations under this paragraph, including reasonable attorneys' fees. If under this Agreement the Trust is required to take any action with respect to BJES, such as executing instruments of transfer or conveyance, then if so requested in writing by BJES, the Trust shall take such action in favor of BJES' affiliates, successors or assigns, including without limitation BJ Energy Solutions Canada, ULC, at BJES' expense. BJES recognizes that the Trust has a limited life and will terminate in accordance with the Wind-Down Trust Agreement, dated November 6, 2020. The parties agree that the Trust shall have no obligations under this paragraph nor the Agreement after its termination and that nothing in this Agreement shall restrict or otherwise limit the Trust's right or ability to terminate in accordance with the Wind-Down Trust Agreement. For the avoidance of doubt, notwithstanding any provision of this Assignment, the Trust shall have no obligation to initiate any legal, administrative, or other proceeding to enforce or protect the IP Assets.

9. Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws and regulations of Delaware, U.S.A., excluding any conflict of laws rule that would result in the application of the laws of another jurisdiction.

10. Headings. Headings of the various Articles and sections, where used herein, are merely present for convenience and shall not be used in construing this Agreement.

11. Entire Agreement. This Agreement and any Appendices attached hereto constitute the entire agreement and understanding between the Parties with respect to the subject matter hereof and supersedes any prior agreement, understanding or arrangement between the Parties, whether oral or in writing, with respect to the subject matter hereof. No representation, undertaking or promise shall be taken to have been given or be implied from anything said or written in negotiations between the Parties prior to this Agreement except as expressly stated in this Agreement.

12. Modifications. This Agreement may not be modified or amended unless such modification or amendment is made in writing and is signed by the Parties.

13. No Waiver. Failure of either Party to enforce or exercise, at any time or for any period, any term of this Agreement, does not constitute, and shall not be construed as, a waiver of such term and shall not affect the right later to enforce such term or any other term herein contained.

14. Severability. If any provision of this Agreement should be void or held illegal or unenforceable, the other provisions shall not be affected and the Parties will replace any provision held void, illegal or unenforceable with provisions which will achieve as far as possible the intention or results sought to be achieved by the void provisions.

15. Counterparts. This Agreement may be executed in two (2) counterparts, each of which shall be deemed an original, but which together shall constitute one and the same instrument.

16. Signatures. Facsimile signatures (including pdf signatures) transmitted by the Parties hereto shall be deemed as effective as original signatures on this Agreement.

17. Import/Export Control. Each Party acknowledges that information and materials provided under this Agreement may be subject to export and import regulations, and any use or transfer of controlled information and materials, and the direct products of such information and materials, must be authorized under those regulations of the government of the country or territory to which the information and materials are being imported, exported, or re-exported. Each Party agrees that it will comply with all applicable export and import regulations of the government of the country or territory to which information and materials are being imported, exported, or re-exported.
