ASSIGNMENT

WHEREAS, Robert B. Eveleigh of 2390 Kingfish Road, Naples, FL 34102 (hereinafter referred to as "Mr. Eveleigh") is a manager of Magarl, LLC, a limited liability company organized under the laws of the United States of America's State of Indiana, having a principal place of business at 2700 Market Tower, 10 West Market Street, Indianapolis, IN 46204 and having a place of business at 2390 Kingfish Road, Naples, FL 34102 (hereinafter referred to as "Assignee");

WHEREAS, Cameron J. WHEREAS, Assignee desires to acquire and has acquired all of the entire right, title, and interest in, to and under said Invention, said Documents, and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon and is owned by or is being transferred to Assignee;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of good, valuable and sufficient consideration to Assignors in hand paid, the receipt of which is hereby acknowledged, Assignors have sold, assigned and transferred, agree to sell, assign and transfer, and by these presents do sell, assign and transfer unto Assignee, all of the entire right, title, and interest, including the beneficial interest, in, to and under, including all rights to file, all rights of priority and all causes of action related to, said Invention and said Documents, and in, to and under any and all applications for United States Letters Patent describing said Invention or claiming priority to any of said Documents, and any and all other applications thereon and arising therefrom, including any and all applications claiming the benefit thereof, and any and all divisions and continuations thereof, and any and all patents to be issued and obtained therefor and thereon, United States and foreign, including all reissues and extensions thereof.

Assignors acknowledge that said Invention, whether disclosed in said Documents or not, is the property of Assignee and any non-public information related thereto, including said Documents and the information disclosed in said Documents, is to be maintained in confidence and is not to be disclosed by Assignors to any third party without the consent of Assignee, unless required by law, required to satisfy a legal obligation on behalf of Assignee, or required to support a defense of Assignors against a legal claim by Assignee. This obligation of confidentiality survives the termination of employment or any contract for any services between Assignors and Assignee.

Assignors agree to assign and execute any and all other papers necessary or desirable for the procurement of Letters Patent on said Invention in this and all foreign countries for the use of Assignee, said agreement surviving Assignors' employment by, or contract with, Assignee.

This Assignment shall be governed and controlled in all respects by the substantive laws of the United States of America and the United States of America's State of Indiana, notwithstanding any choice of laws rules that would apply in the absence of this provision. Assignors consent to personal jurisdiction and venue in the United States federal courts and Indiana state courts located Marion County, Indiana, United States of America, in connection with any dispute arising under this Assignment. Assignors irrevocably waive, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of any such action or proceeding in any such court.

This Assignment may be executed in counterparts, each of which shall be deemed an original and all of which together shall be considered one and the same agreement. Signatures exchanged by e-mail, facsimile, or other electronic means shall be effective for all purposes hereunder to the same extent as original signatures.
