PATENT APPLICATION ASSIGNMENT

(Erik M. Simpson)

THIS ASSIGNMENT OF PATENT APPLICATIONS (this "Assignment") is made as of the 20th day of May, 2019 ("Effective Date"), by Erik M. Simpson ("Assignor"), in favor of Simpson Holdings, Inc., a Texas corporation ("Company").

A. Assignor is an inventor/applicant owner of the patent applications set forth on Annex 1 hereto (the "Patent Applications").

B. Assignor desires to transfer and assign the Patent Applications to Company.

NOW, THEREFORE, for good and valuable consideration, the sufficiency of which is hereby acknowledged, and intending to be legally bound, Assignor hereby agrees as follows:

1. Assignor hereby assigns, transfers, grants, bargains, sells and delivers to Company, its successors and assigns its entire right, title and interest in the United States and throughout the world in and to the Patent Applications and any and all patents, reissues, divisionals, continuations, continuations-in-part, renewals, reexamination certificates and extensions thereof, and the inventions represented thereby, respectively, including Assignor's right to sue for and collect damages and other recoveries for past infringement thereof; the same to be held and enjoyed by Company, its successors and assigns, as fully as the same would have been held and enjoyed by the Assignor had this assignment not been made.

2. Assignor hereby authorizes and requests the United States Patents and Trademarks Office to record Company as owner of the Patent Applications, including any continuations, divisions, continuations-in-part, reissues, reexaminations or extensions thereof, and to issue any and all letters patent thereon to Company, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Company, its successors, assigns or other legal representatives.

3. This Assignment shall be governed by, and construed and interpreted in accordance with, the laws of the State of Delaware, without giving effect to any conflict-of-laws rule or principle that might result in the application of the laws of another jurisdiction.

IN WITNESS WHEREOF, this Assignment is executed as of the Effective Date.

ASSIGNOR:

Erik Simpson
