I, Assignor, have invented the above-identified invention.

The Assignee desires to acquire the entire right, title and interest in and to the Invention, the Patent Application or the issued Patent, and in and to any patents (collectively, "Patents") that may be granted based on the Patent Application for the Invention in the United States or in any foreign countries. For valuable consideration, the receipt and sufficiency of which we acknowledge, Assignor hereby sells, assigns, and transfers to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to: the Invention, the Application, and any Patents; any divisions, continuations, and continuations-in-part of the Application and any other application claiming priority rights from the Application; any reissues, reexaminations, or extensions of any and all Patents; the right to file foreign applications directly in the name of Assignee; and the right to claim priority rights deriving from the Application (collectively, the "Rights"). Assignor warrants that he is a sole or joint owner of the Rights, and that the Rights are unencumbered. Assignor also agrees to not sign any writing or do any act conflicting
