PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Assignment"), effective as of February 21, 2023, is made by GK8 LTD., a company formed under the Laws of the State of Israel under registration number 51 5881209 (the "Company"), and the Subsidiaries of the Company that are indicated on the signature pages attached hereto (together with the Company, each an "Assignor" and collectively, "Assignors"), to Galaxy Digital Trading LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignors and Assignee have executed an Asset Purchase Agreement, effective as of December 2, 2022 (the "Purchase Agreement"), pursuant to which each Assignor assigned all of its right, title and interest in and to certain intellectual property assets to Assignee;

WHEREAS, the assets assigned pursuant to the Purchase Agreement include the patents and patent applications listed in Exhibit A attached hereto, all issuances, divisionals, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the "Assigned Patents"); and

WHEREAS, pursuant to the Purchase Agreement, Assignors have agreed to execute this Assignment in order to effectuate, evidence and record its assignment of the Assigned Patents to Assignee in the United States Patent and Trademark Office and corresponding offices in other applicable jurisdictions.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, subject to the terms and conditions of the Purchase Agreement and the Sale Order (as defined in the Purchase Agreement), each Assignor hereby irrevocably conveys, assigns, transfers and delivers to Assignee, all of such Assignor's right, title and interest in and to the Assigned Patents, all rights in and to any of the foregoing provided by international treaties or conventions, all rights, interests, and claims of such Assignor or any of its affiliates, all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to the foregoing, and all of such Assignor's claims, causes of actions, and rights to sue or otherwise recover for any past, present, or future infringement or other violations of the foregoing, whether accruing before, on, or after the date hereof. Each Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment upon request by Assignee. Following the date hereof, each Assignor shall take such reasonable steps and actions, and provide such reasonable cooperation and assistance to Assignor and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Assigned Patents to Assignee or any assignee or successor thereto.

This Assignment is executed and delivered pursuant to the Purchase Agreement. In the event of a conflict between the terms and conditions of this Assignment and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall

govern, supersede and prevail in all respects to the extent of such conflict. Notwithstanding anything to the contrary in this Assignment, nothing herein is intended to, nor shall this Assignment be construed to, extend, amplify, modify, limit or otherwise alter in any way the terms and conditions of the Purchase Agreement (including, without limitation, any representation, warranty, covenant or obligation contained in the Purchase Agreement). This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment. This Assignment shall be binding upon and shall inure to the benefit of the parties and their respective successors and assigns.
