## **PATENT ASSIGNMENT**

THIS ASSIGNMENT is made and entered into effect as of the 25<sup>th</sup> day of February, 2015.

WHEREAS, REVS NEUROSCIENCE, INC., a South Dakota corporation located at PO Box 652, Yellow, Ohio 45837 and MICHAEL P. WEISEND, an individual located at PO Box 652, Yellow, Ohio 45837 (hereinafter collectively referred to as "Assignors"), are the record owner and inventor of the inventions as disclosed and claimed in the patent applications set forth on Schedule 1 attached hereto (the "Assigned Patent Applications"):

WHEREAS, RIO GRANDE NEUROSCIENCES, INC., a Delaware corporation, having a place of business at 732a Chenery Street, San Francisco, CA 94131 (hereinafter "Assignee"), desires to acquire by formal, recordable assignment, the entire right, title, and interest in and to the invention, the applications, and any Letters Patent that might be granted for the invention in the United States and throughout the world; including any and all, non-provisional, divisional, continuation, continuation-in-part, reexamination or reissue applications;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold, assigned, and transferred, and by these present does hereby sell, assign, and transfer, unto Assignee, the entire right, title, and interest in and to the invention, the application(s), and any Patent(s) that might be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign Patent applications any priority rights to which such future applications are entitled, pursuant to international conventions, treaties, or otherwise, including the right to sue for any and all past infringement(s) of any or all of the foregoing patent application(s).

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for the invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the invention, the applications, and any Letters Patent granted for the invention in the United States and throughout the world. In addition, Assignors do hereby make, constitute, and appoint Assignee, or any officer or agent of Assignee, as Assignor's true and lawful attorney-in-fact, with power of substitution, to enforce every such contract, permit, license, claim, demand or right, with respect to the Assigned Patent Applications, and to do any and all things necessary to be done as fully and effectually as Assignors might or could do, and hereby ratify all that said attorney-in-fact shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment. Assignors further represent and warrant that they do not know of any improvements to the invention, other than what has been disclosed in the applications and/or has been communicated to the patent attorney(s) prosecuting said applications.

Assignors have not filed any other patents relating in any way to the Assigned Patent Applications and agree not to do so.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the inventions, whether on the applications or on any subsequently filed non-provisional, division, continuation, continuation-in-part, or reissue application, to Assignee, or its successors or assigns, as the assignee of the entire interest in the inventions.

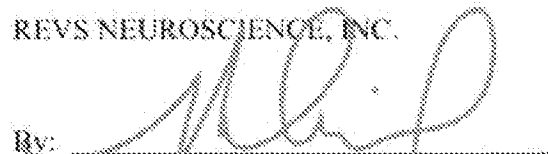

IN WITNESS WHEREOF, and intending to bind themselves, their heirs, and assigns, Assignors have executed this Assignment.
