**ASSIGNMENT OF INVENTION, PATENT APPLICATION(S), AND
PATENTS INCLUDING A DECLARATION OF INVENTORSHIP**

We, Alexandre Huneau and Francois Panfili, in consideration of good and valuable consideration, receipt of which is hereby acknowledged by each of us, agree to assign, and hereby do assign, transfer and set over to A. Richard Tools / Outils A. Richard Co., a corporation incorporated under the laws of Canada, whose address is 120 Jacques-Cartier, Berthierville, Québec, CANADA J0K 1A0, (hereinafter designated as the Assignee), the entire right, title and interest in and to the invention known initially by title as **LONG-HANDLED SURFACE-ENGAGING TOOL**, and subsequently amended to **LONG HANDLED BRUSH**, for which I have or shall execute an application for design patent in the United States of America. The inventive subject matter referred to above was the subject of **US Design Patent Application Serial No. 29/754,034** filed October 6, 2020, for which the US Patent and Trademark Office issued a Notice of Allowance on January 4, 2023. The same inventive subject matter was also the subject of a Canadian Industrial Design Application filed 24 March 2021, which claimed Paris Convention priority in US Design Application No. 29/754,034 and granted as **Industrial Design Registration No. 202280** on 8 December 2022. This assignment applies to any and all applications identified above and any and all subsequent patent applications, domestic and/or foreign, claiming priority benefits in the applications identified above.

(1) Each of the undersigned agrees to review and execute all papers necessary in connection with each application to protect the invention, and any continuing or divisional applications thereof, and also to review and execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

(2) Each of the undersigned agrees to review and execute all papers and documents and perform any act that may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property, the Patent Cooperation Treaty (PCT) or similar agreements.

(3) Each of the undersigned agrees to perform all affirmative acts that may be necessary to obtain a grant of valid patent(s) to the Assignee relating to the invention.

(4) Each of the undersigned hereby authorizes and requests the Commissioner for Patents, and all equivalent foreign officials, to issue any and all Letters Patent(s) resulting from said application(s) or any division(s) or continuing application(s) thereof to said Assignee, as Assignee of the entire interest, and hereby covenants that he has full

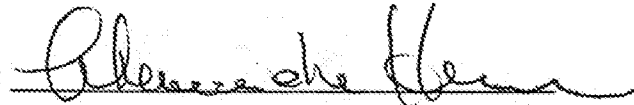

right to convey the entire interest herein assigned, and that he has not executed, and will not execute, any agreement in conflict herewith.

(5) Each of the undersigned hereby grant(s) the Assignee and its duly authorized representatives the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and any equivalent foreign office, for recordation of this document.

Oath/Declaration of Inventorship

By my signature, I also aver that I am an/the original inventor of the claimed subject matter of the patent application(s) identified above and intend that this document be universally accepted as an oath/declaration to that effect. The above identified patent/industrial design application(s) was/were made or authorized to be made by me. I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
