ASSIGNMENT

WHEREAS, I, Marc R. Obenshain, residing at 4565 Haley Farms Drive, Cumming, in the County of Forsyth, State of Georgia 30028, and I, Thuc K. Vu, residing at 12806 Shelly Lane, Plainfield, in the County of Will, State of Illinois 60585, hereinafter collectively referred to as ASSIGNORS, depose and state that the ASSIGNORS have invented certain new and useful improvements in the invention described in a patent application entitled:

MECHANISM FOR LABEL SIZE SELECTION

which has been or will be filed in USA and/or other countries, and which is identified as Panduit Corp. Legal Department Case No. LCB1059 and described in patent application serial No. US 17/498,913, filed October 12, 2021 and patent application serial No. US 63/105,497, filed October 26, 2020, preparatory to obtaining Letters Patent of the United States of America therefore; and

WHEREAS, Panduit Corp., a corporation duly organized and existing under and by virtue of the laws of the State of Delaware, and having its principal office and place of business at 18900 Panduit Drive, Tinley Park, Illinois 60487, hereinafter referred to as ASSIGNEE, is desirous of acquiring the entire right, title and interest in and to said invention or inventions, and in, to and under Letters Patent, Patents or Design Registration therefore in the United States of America and all other countries; and

WHEREAS, pursuant to their employment, the ASSIGNORS are obligated to assign their inventions and related patent rights to Panduit Corp. or to persons or entities designated by Panduit Corp.

NOW, THEREFORE, BE IT KNOWN THAT, for good, valuable, and legally sufficient consideration for each ASSIGNOR provided by the applicable employment by Panduit Corp. or any of its entities, the receipt and sufficiency of which is hereby acknowledged by all ASSIGNORS, the ASSIGNORS have sold, assigned, transferred and set over and by these presents do hereby sell, assign, transfer and set over to and unto said ASSIGNEE, its successors and assigns, the entire right, title and interest in and to the said invention or inventions, and in, to and under the above-identified patent application and all other applications for Letters Patent or Patents which may be granted in the United States of America or any other country, and for patents, utility models and other industrial property in any country world-wide for the above-entitled invention or inventions, including any and all priority rights or dates pursuant to the provisions of any International Convention for the protection of industrial property; and in, to and under all Letters Patent or Patents that may be issued for said invention or inventions in the United States of America and any other country, and in, to and under all divisions, continuations, continuations-in-part of any such patent applications, reissues, reexaminations, renewals and extensions thereof, and covenant that ASSIGNORS have the full right so to do.

ASSIGNORS hereby authorize and request the Commissioner of Patents of the United States of America or like official of any other country to issue all Letters Patent or Patents on the invention or inventions included herein to said ASSIGNEE, as assignee of the entire interest, and ASSIGNORS authorize said ASSIGNEE to file applications for patents, utility models and other industrial property based on said invention or inventions in ASSIGNEE's name and to claim the above identified priority rights or dates.

ASSIGNORS further agree that they will communicate to said ASSIGNEE or its representatives or agents all facts and information known or available to me regarding said invention or inventions, including, but not limited to, evidence for interference purposes or for other legal proceedings, whenever requested, testify in any interference or other legal proceedings; execute and deliver, on request, all lawful papers, including, but not limited to, original, divisional, continuing and reissue applications, renewals, assignments, powers of attorney, oaths, affidavits, depositions, etc., and generally do everything possible to aid said ASSIGNEE, its successors and assigns, but at the expense of ASSIGNEE, in obtaining and enforcing proper protection for said invention or inventions, in the United States of America and any other country.

Both ASSIGNEE and ASSIGNORS acknowledge and accept that this Assignment may be executed by digital signature (using commercially available products, including but not limited to DocuSign or Adobe Sign) or handwritten signature. If using handwritten signature, this Assignment may be executed in one or more counterparts each of which when executed shall be deemed to be an original. Facsimile or electronic transmission of executed signature pages shall be sufficient to bind the executing party.
