ASSIGNMENT

For valuable consideration, I, SAFWAN SHAH of 20720 Leonard Road, Saratoga, CA 95070, hereby assign to PYACTIV Inc., organized under the laws of Delaware, whose address is: 4300 Stevens Creek Blvd #185, San Jose, CA 95129, its successors, legal representatives, and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of an application for United States Patent signed by me, entitled SYSTEMS AND METHODS FOR UTILIZATION OF EARNED BUT UNPAID INCOME, filed 6 September, 2016, and assigned U.S. Serial Number 15/256,746.

I agree that this assignment includes said application, and hereby assigns any and all United States and foreign patents, utility models, all applications claiming the benefit of the application, including but not limited to, all divisions and continuations of the application, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes.

I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and I agree for me and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts, communicate with, and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

In Witness Whereof, I have executed this Assignment on the date(s) indicated below.
