ASSIGNMENT

WHEREAS, BAYER HEALTHCARE LLC, a company organized and existing under the laws of the State of Delaware, UNITED STATES OF AMERICA and having a place of business at 100 BAYER BOULEVARD, WHIPPANY, NEW JERSEY 09871, UNITED STATES OF AMERICA (the "Assignor"), has, by assignment, right, title, and interest in and to inventions described in the patent applications listed in Appendix A below.

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency, and adequacy of which are hereby acknowledged by the Undersigned, the Undersigned **Assignor** do hereby irrevocably and unconditionally:

CONVEY, ASSIGN, AND TRANSFER to BEIERSDORF AG, a corporation having a place of business at Unnastrasse 48, 20245 Hamburg GERMANY and to FORMULATED SOLUTIONS, LLC a corporation having a place of business at 11775 Starkey Rd, Largo, FL 33773 (the "Assignees," individually, the "Assignee"), the Assignor's entire right, title, and interest for all countries and jurisdictions in and to:

the Invention(s) which is/are disclosed in the patent application or applications listed below in **Appendix A;**

such application or applications, and all divisional, continuing (including continuation-in-part), substitute, renewal, reissue, and all other applications for a patent or patents which have been or shall be filed in the United States (including all provisional and non-provisional applications), and in all foreign countries and jurisdictions based in whole or in part on any of such Invention(s) (including any application for a utility model or an innovation patent application);

all original and reissued patents which have been or shall be issued in the United States and all foreign countries and jurisdictions based in whole or in part on any of such Invention(s);

including the right to claim priority to the patent application or applications listed below in Appendix A in relation to subject matter based in whole or in part on the above-identified patent application or applications and any of the foregoing including the right to file foreign applications under the provisions of any convention or treaty;

and including the right to all causes of action, remedies, and other enforcement rights related to the above-identified application or applications, including without limitation the right to sue for past, present, or future infringement, misappropriation, or violation of any and all rights related to the above-identified patent application or applications and any of the foregoing, including the right to obtain and collect damages for past, present, or future infringement;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such Invention to the Assignees;

AUTHORIZE AND REQUEST that any attorney associated with U.S. Patent and Trademark Office (USPTO) Customer No. 112702 may (directly or through his/her designee) delete, insert, or alter any information related to the above-identified patent application or applications or any of the foregoing, after execution of this Assignment;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement

affecting the rights and property herein conveyed has been or shall be made to others by the Undersigned, and that the full right to convey the same as herein expressed is possessed by the Undersigned;

COVENANT, that when requested and without compensation, but at the expense of the Assignees, in order to carry out in good faith the intent and purpose of this Assignment, the Undersigned shall (1) execute all provisional, non-provisional, divisional, continuing (including continuation-in-part), substitute, renewal, reissue, and all other patent applications for the Invention; (2) execute all rightful oaths, declarations, assignments, powers of attorney and other papers for the Invention; (3) communicate to the Assignees all facts known to the Undersigned relating to the Invention and the history thereof; (4) cooperate with the Assignees in any interference, reexamination, reissue, opposition, dispute, or litigation involving any of the applications or patents for the Invention; and (5) take such further actions as the Assignees shall reasonably consider necessary or desirable for vesting title to such Invention in the Assignees, or for securing, maintaining and enforcing proper patent protection for the Invention;

COVENANT, that should any provision of this agreement be held unenforceable by an authority of competent jurisdiction, such a ruling shall not affect the validity and enforceability of the remaining provisions. To the extent that any such provision is found to be unenforceable, the Undersigned, when requested and without compensation shall act in good faith to substitute for such provision a new provision with content and purpose as close as possible to the provision deemed unenforceable. THIS AGREEMENT IS TO BE BINDING on the heirs, assigns, representatives, and successors of the Undersigned, and is to extend to the benefit of the successors, assigns, and nominees of the Assignees.
