ASSIGNMENT AGREEMENT

In consideration of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, we, William P. Adams, Jr., M.D.; Bradley P. Bengtson, M.D.; and Steven A. Teitelbaum, M.D. (hereinafter referred to as "Assignors") hereby transfer and assign to Allergan, Inc., a Delaware corporation, having its principal place of business at 2525 Dupont Drive, Irvine, CA 92612 (hereinafter referred to as "Assignee"), its successors, legal representatives and assigns, the entire right, title and interest throughout the world in our invention or improvements in a breast implant selector device, and the application for Letters Patent of the United States therefor, U.S. Serial No. 60/961,161, filed July 19, 2007; U.S. Serial No. 12/217,984, filed July 10, 2008; and PCT/US08/08510, filed July 11, 2008, and any and all other United States patent applications and applications in any and all countries filed, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States or of any other country which may be obtained on any of said applications, including any and all divisional, continuation, and continuation-in-part applications for said invention or improvements, and any application for the reissue, reexamination or extension of any Letters Patent that may be granted upon said applications, including the right to sue and recover damages, on a *nunc pro tunc* basis, for all past and future infringements thereof.

We hereby authorize and request the Commissioner of Patents to issue said Letters Patent to Allergan, Inc.

We represent and warrant that we are the owners of the interest herein assigned and have the right to make this assignment; and further represent and warrant that there are no outstanding prior assignments, licenses, or other rights in the interest herein assigned.

For said consideration we hereby agree, upon the request and at the expense of the Assignee, its successors, legal representatives and assigns, to execute any and all divisional, continuation, and continuation-in-part applications for said invention or improvements, and any necessary oath or supplemental oath or affidavit relating thereto, and any application for the reissue, reexamination or extension of any Letters Patent that may be granted upon said application that said assignee, its successors, legal representatives and assigns may deem necessary or expedient. For said consideration we further agree, upon the request of said assignee, its successors, legal representatives and assigns, in the event of said application or any division, continuation, or continuation-in-part application thereof, or Letters Patent issued thereon, or any reexamination, reissue or application for the reissue thereof becoming involved in an interference proceeding, to cooperate to the best of our ability with the Assignee, its successors, legal representatives and assigns in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. We further agree to perform, upon such request, any and all affirmative acts to obtain said Letters Patents, and vest all rights therein hereby conveyed in the Assignee, its successors, legal representatives and assigns whereby said Letters Patents will be held and enjoyed by the Assignee, its successors, legal representatives and assigns to the end of the term for which said Letters Patents may be granted as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made, and for said considerations we hereby also assign to the

Assignee, its successors, legal representatives and assigns the entire right, title and interest in and to said invention or improvements for any and all foreign countries and the right of priority for patent and utility model applications in all countries arising under any applicable international convention for the protection of industrial property and/or any internal priority legislation of such countries, and we further agree upon the request of the Assignee, its successors, legal representatives and assigns to execute any and all documents that shall be required to be executed in connection with any and all applications for foreign Letters Patent therefor, including the prosecution thereof, and to execute any and all documents necessary to invest title in said foreign applications and patents in the Assignee.
