## DEED OF ASSIGNMENT BY INVENTORS

**THIS DEED OF ASSIGNMENT**, is made and entered into as of the last date signed below, **BY AND BETWEEN:-**

- a. KWAN, Man Kit;
- b. HO, Ka Ho; and
- c. CHUGHTAI, Uzair Ahmed

(hereinafter collectively referred to as "**Assignors**").

**AND**

- d. Pismo Labs Technology Limited, a company incorporated under and pursuant to the laws of the Hong Kong Special Administrative Region ("**Hong Kong SAR**"), having its principal place of business at A8, 5/F, HK Spinners Industrial Building, Phrase 6, 481 Castle Peak Road, Cheung Sha Wan Hong Kong (hereinafter referred to as the "**Assignee**").

**WHEREAS**, Assignors have invented certain new and useful improvements in "METHOD AND SYSTEM FOR PROVIDING COMMUNICATION SERVICES USING A PLURALITY OF REMOTE SUBSCRIBER IDENTITY MODULES" (the "**Inventions**"), set forth in a Patent application for Letters Patent of the Patent Cooperation Treaty, filed herewith; and

**WHEREAS**, the Assignee is desirous of acquiring the entire right (including but not limited to any priority right), title and interest in and to the Inventions, an US Patent Application filed/to be filed herein (hereafter, the said Application), which is desirous of acquiring the entire right, title and interest in and to said inventions, said application for the attached US Patent application, which is a Non-provisional Continuation of US Patent Application No. 17/029,014, filed on 22 September 2020, which is a Non-provisional Continuation-in-part of US Patent Application No. 17/040,527, filed on 22 September 2020, which is a National Stage Application of International Application No. PCT/IB2020/054671, filed on 18 May 2020, said application for Letters Patent, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of the said Application, and any and all Letters Patent in the People's Republic of China, Hong Kong SAR, European Union, the United States, the United Kingdom and all countries which

enforcement and defense of any Letters Patent and applications for Letters Patent for the Inventions, whenever counsel of the Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceedings in connection with the Inventions, or the said Application, or the said other application(s) for Letters Patent, or any Letters Patent (and/or the equivalent) in respect of the Inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or that any division, continuation or continuation-in-part of the said Application or the said other application(s) for Letters Patent, or any reissue, re-examination or extension of any Letters Patent (and/or the equivalent) to be obtained thereon, is lawful and desirable.

**AND** the Assignors hereby request the Commissioner of Patent and Trademarks to issue the Letters Patent of the United States to Assignee, as Assignee of the Inventions and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successor, and assigns.

**AND** the Assignors hereby assign all their rights and interests therein insofar as the International Application, all PCT Contracting States and International Patent Cooperation Union are concerned to Assignee, and do hereby authorize Assignee to apply for and obtain Patent rights for the Inventions in its own name in World Intellectual Property Organization, all PCT Contracting States and International Patent Cooperation Union in accordance with this assignment.

**AND** the Assignors hereby assign all their rights and interests therein insofar as the United States Patent and Trademark Office is concerned to Assignee, and do hereby authorize Assignee to apply for and obtain Patent rights for the Invention in its own name in the United States Patent and Trademark Office in accordance with this assignment.

**AND** the Assignors hereby assign all their rights and interests therein insofar as the China National Intellectual Property Administration of the People's Republic of China is concerned to Assignee, and do hereby authorize Assignee to apply for and obtain Patent rights for the Invention in its own name in the China National Intellectual Property Administration of the People's Republic of China in accordance with this assignment.

**AND** the Assignors hereby assign all their rights and interests therein insofar as the Intellectual Property Department of the Hong Kong SAR is concerned to Assignee, and do hereby authorize
