WHEREAS, CreateMe Technologies LLC, a limited liability company incorporated in the State of Delaware, having a place of business at 54 Howard Street, 3rd floor, New York, New York 10013 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to said applications (hereinafter referred to as Applications), and the inventions disclosed therein (hereinafter referred to as Inventions), and in and to all embodiments of the Inventions, heretofore conceived, made or discovered by said Assignors, and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter referred to as Patents) thereon granted in any and all countries and groups of countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Assignors to have been received in full from said Assignee:

1. Said Assignors hereby sell, assign, transfer and convey to Assignee the full and exclusive right, title and interest (a) in and to said Applications and said Inventions; (b) in and to all rights to apply for patents on said Inventions in any and all countries pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all Applications filed and any and all Patents granted on said Inventions in any and all countries and groups of countries, including each and every Application filed and each and every Patent granted on any application which is a conventional, divisional, substitution, or continuation of said Applications; and (d) in and to each and every reissue or extension of any of said Patents.

2. Said Assignors hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest to said Inventions herein conveyed in any and all countries and groups of countries. Such cooperation by said Assignors shall include prompt production of pertinent facts and documents, giving testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the rights, titles and interests herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, conventional, divisional, continuation or additional applications covering said Invention; (d) for filing and prosecuting applications for reissuance of any of said Patents; (e) for interference or other priority proceedings involving said Inventions; and (f) for legal proceedings involving said Inventions and any application therefore and any Patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Assignors in providing such cooperation shall be paid for by said Assignee.

ASSIGNMENT

3. The term and covenants of this agreement shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Assignors, their respective heirs, legal representatives and assigns.

4. Said Assignors hereby warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. In the event that the filing dates and/or Application Nos. of said Inventions are not entered above at the time Assignors execute this document, and if such information is deemed necessary, Assignors hereby authorize and direct any of the attorneys responsible for prosecuting the subject applications on behalf of the ASSIGNEE, to insert above the filing dates and/or Application Nos. of said applications.

IN WITNESS WHEREOF, I/we have executed and delivered this instrument to said Assignee on the dates indicated below.
