a company existing under the laws of Denmark ("the Assignee")

The present Assignment covers the priority application(s) and all countries of the world and the Assignee is hereby entitled to file applications in any country and to abstain from seeking protection in any and all countries at its discretion.

The present Assignment also includes the right to claim priority under the Paris Convention or any other multilateral or bilateral treaty.

The Assignor hereby agree to execute any additional assignments and/or other documents required in connection with the prosecution of the applications as well as to perform any additional acts necessary to enable the Assignee or its successors, legal representatives and assigns to enjoy the full rights of the present Assignment, including applying for a patent for the invention in the USA and assigning the US patent and any patent(s) or issuing thereon to the Assignee or its successors or legal representatives.

We further grant the Assignee right to communicate our names and mailing addresses to patent authorities and patent counsel acting on behalf of the Assignee in order to comply with an inventor's right to be mentioned on published intellectual property right applications and registrations. We at the same time agree that our names and mailing addresses may be made available to the public on published intellectual property right applications and registrations and in official intellectual property right registers.
