- and
- Any additional patents or patent applications related to the above applications/patents.

The subject matter disclosed and suggested in these patents and patent applications, as well as subject matter developed or to be developed from such subject matter, are hereinafter referred to as the "Invention(s)."

WHEREAS, BL Patents, LLC, an Oregon business entity (hereinafter referred to as "Assignee"), whose mailing address is 17791 Overlook LN, Lake Oswego, OR 97034 USA is desirous of acquiring the entire right, title, and interest in and to the Invention(s) and any improvements thereto and in and to any applications and patents that may be made or granted therefor in the United States (for purposes of this document, "United States" includes its territorial possessions) and in foreign jurisdictions (for purposes of this document, "foreign jurisdictions" includes foreign countries and international conventions and treaties (such as the PCT)).

WHEREAS, Assignor is desirous of conveying the same.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and/or other good and valuable consideration, the receipt, sufficiency, and adequacy of which are hereby acknowledged, I, by these presents do at this time hereby irrevocably and unconditionally convey, assign, and transfer in the United States and foreign jurisdictions unto the Assignee the following: (1) the full and exclusive right to the Invention(s) and any improvement(s) thereto; (2) the entire right, title, and interest in and to all rights of priority resulting from the filing and/or obtaining of the Properties; (3) the entire right, title, and interest in and to any provisional, nonprovisional, divisional, continuation, continuation-in-part, continuing, substitution, renewal, reissue, extension, utility model,

innovation, and/or all other patent applications that may be made on the Invention(s) and any improvement(s) thereto; (4) the entire right, title, and interest in and to any patent(s) related to the Invention(s) and any improvement(s) thereto that may be granted therefor; (5) all rights to all causes of action, remedies, and other enforcement rights (including, without limitation, the rights to sue for past, present, or future infringement, misappropriation, or other violation of rights) to any patent(s) related to the Invention(s) and any improvement(s) thereto; (6) all rights to past, present, or future judgments related to any patent(s) related to the Invention(s) and any improvement(s) thereto that result in the collection of damages or injunctions; and (7) the entire right, title, and interest in and to any other intellectual property specifically related to the Invention(s) and any improvement(s) thereto, including copyright(s), trademark(s), and trade secret(s).

FURTHER, upon request (and without charge to, but at the expense of Assignee), with regard to the Properties and future related Properties in the United States or any and all foreign jurisdictions, I agree to: (a) cooperate with Assignee in the prosecution (including the provision of knowledge pertaining to the Invention(s), improvements thereto, prior art, and the history thereof); (b) execute, verify, acknowledge, and deliver all further papers (including patent applications and instruments of transfer); (c) perform such other acts (including testifying in legal proceedings) as Assignee lawfully may request to obtain or maintain one or more patents for the Invention(s) and any improvements thereto; and (d) otherwise carry out in good faith the intent and purpose of this Assignment. I agree to perform these upon the request of Assignee, Assignee's successors, assigns, and legal representatives.

FURTHER, I hereby authorize and request the Commissioner of Patents and Trademarks to issue the patent(s) to the Assignee of the entire right, title, and interest in and to the same, for Assignee's sole use and benefit, and for the use and benefit of Assignee's successors, to the full end of the term for which the patent(s) may be granted, as fully and entirely as the same would have been held by me/us had this assignment and sale not been made.

I represent that I (1) have not previously sold, assigned, or transferred, (2) have not previously agreed to sell, assign, or transfer, and (3) am/are under no obligation to sell, assign, or transfer any of the rights in the Invention(s) (including those set forth above) to any party other than Assignee.

FURTHER, I hereby acknowledge and affirm any recorded and/or nonrecorded assignment document(s) (should any such document(s) exist) that is/are consistent with the intentions of this Assignment. I specifically disaffirm any recorded and/or nonrecorded assignment document(s) (should any such document(s) exist) that is/are inconsistent with the intentions of this Assignment.

I hereby represent that I will not contest the patentability and/or validity of this/these patent(s) or any patent(s) or other intellectual property related to the Invention(s).
