## ASSIGNMENT OF PATENT APPLICATIONS AND RIGHTS OF PRIORITY

WHEREAS,

I, Brian R. Peterson, residing a 23 Mashie Road, Cumberland, Rhode Island, 02864;

have invented a certain new and useful improvement in a Method And Apparatus For Metal Implant Contact Detection Through Capacitive Measurements for which a non-provisional United States patent application was filed in the United States Patent and Trademark Office on August 21, 2018, and said non-provisional United States patent application having Application Number 16/107,681;

AND WHEREAS, GARWOOD MEDICAL DEVICES, LLC, having its place of business at 77 Goodell Street, Buffalo, New York. 14203 is desirous of acquiring the entire right, title and interest in the non-provisional United States patent application and in the invention, and all foreign patent applications and all Patent Cooperation Treaty patent applications (hereinafter referred to as PCT patent applications), and is desirous of acquiring the entire right, title and interest in all United States patents and foreign and regional patents that may be obtained therefore or thereupon; and is desirous of acquiring the entire right, title, and interest in all rights of priority, and acquiring the entire right, title, and interest in all rights of priority in all patent applications that claim the benefit of or the right of priority to the non-provisional United States patent application;

NOW THIS INDENTURE WITNESSETH, that for the sum of one dollar and other good and valuable consideration to me in hand paid, the receipt of which is hereby acknowledged, I hereby assign, sell, and transfer unto GARWOOD MEDICAL DEVICES, LLC my entire right, title and interest in and to the United States patent application and in and to the invention to GARWOOD MEDICAL DEVICES, LLC including the rights to file any other patent application in the United States or claiming the benefit of the United States patent application, and including the rights

to file any and all divisional, continuation and continuation in part patent applications claiming priority to or the benefit of or other rights in the non-provisional United States patent application, and the rights to seek reissues and extensions of any patent to be granted, and I agree to execute assignments of United States patents to be obtained therefore to GARWOOD MEDICAL DEVICES, LLC.

I further hereby assign, sell, and transfer to GARWOOD MEDICAL DEVICES, LLC my entire right, title and interest in and to said United States patent application and in and to the invention throughout all countries foreign to the United States including the right to file foreign patent applications that claim priority the United States patent application and to otherwise seek any patent in any foreign country. I further assign, transfer and sell to GARWOOD MEDICAL DEVICES, LLC all of my rights of priority and rights to priority, and all of my priority rights, and all of my rights to priority rights globally and all of my rights to priority under the International Convention For the Protection of Industrial Property, under the Paris Convention, and under the Patent Cooperation Treaty, and other benefits accruing or to accrue to me with respect to the filing of applications for patents or securing patents in the United States and countries foreign thereto. And, I further agree to assign and hereby do assign all United States patents, divisional patent applications, continuation patent applications, continuation in part patent applications, and any patent issuing therefrom to GARWOOD MEDICAL DEVICES, LLC., and agree to and hereby do assign all foreign patent applications and any patent issuing therefrom to GARWOOD MEDICAL DEVICES, LLC.

I ratify the acts of GARWOOD MEDICAL DEVICES, LLC in applying for any patent in its own name in the United States and in any foreign country where that procedure is proper or allowable and agree to execute patent applications in the United States and to execute foreign patent applications in any and all foreign countries where it is necessary that the patent application be executed by the inventor, and I agree to execute assignments of United States and foreign patent

applications and any patent to be obtained therefore to GARWOOD MEDICAL DEVICES, LLC.

I hereby authorize and request the Commissioner For Patents of the United States and any official in a county foreign to the United States whose duty it is to issue patents and any reissues and extensions thereof to issue any and all patents to be granted to GARWOOD MEDICAL DEVICES, LLC in accordance with this Assignment.

AND, I further agree to sign and properly execute such necessary and lawful papers for obtaining any non-provisional United States patent and for reissue or reissues of said patent, and for filing continuation patent applications, continuation in part patent applications, and divisional patent applications, and for any patent application filing in any foreign country and for any patent application filing under any Convention, Treaty or the Paris Convention as GARWOOD MEDICAL DEVICES, LLC shall hereafter require and prepare at its own expense.
