ASSIGNMENT

Whereas, I, CARATSCH Alexandre, a resident of Chemin du Borny 13, 1270 Trélex, Switzerland, have made three inventions with the following titles and EP priority application numbers:

- "INTERBODY CAGE AND METHOD OF INSERTION", filed on 25th June 2015 with the number EP 15173883.8;
- "INTERBODY CAGE AND METHOD OF DELIVERY", filed on 25th June 2015, with the number EP 15173887.9;
- "HIGH ANGLED INTERBODY CAGE AND METHOD OF INSERTION", filed on 1st September 2015, with the number EP 15183289.6;

(hereafter, collectively "Inventions");

Whereas, the Inventions had been filed at the European Patent Office by Changzhou Kanghui Medical Innovation Co. Ltd., with offices at No. 11, North Changjiang Road, Xinbei District, Changzhou, Jiangsu, People Republic of China (hereafter "Kanghui");

Whereas, on 2nd June 2016, the Inventions were formally assigned to myself by Kanghui by means of three written Assignments signed by Kanghui and myself;

Whereas, the Inventions have been consolidated into one PCT Application WO 2016/207798 (hereafter "PCT Application") filed by myself on 22nd June 2016, with Kanghui as co-applicant to benefit from the priority dates of the EP patent applications;

Whereas, Twist Technologies Sàrl, a Swiss limited liability company with its registered address at Chemin du Borny 13, 1270 Trélex, Switzerland, is desirous of securing ownership of my entire right, title and interest in and to said Inventions and PCT Application in respect of the United States of America and in and to any US patent that may be granted on said Inventions and PCT Application.

Now, therefore, for good and adequate consideration, I have assigned and transferred, and hereby assign and transfer unto Twist Technologies Sàrl the full and exclusive right to the Inventions and to the PCT Application for the national phase in the United States of America, including the right to file patent applications and to claim priority under the provisions of the International Convention, and my entire right, title and interest in and to any and all US patents which may be granted and to any and all divisions, reissues, continuations, certificates of invention, utility models and extensions thereof.

I hereby authorize and request the US Patent and Trademark Office to issue any and all such US patents, when granted, to Twist Technologies Sàrl, its successors or assigns as the assignees of my entire right, title and interest in and to the Inventions, PCT Application and issuing patents, for the sole use and enjoyment of Twist Technologies Sàrl, its successors or assigns.

Signed at Trélex, Switzerland, the 22 November 2016

CARATSCH Alexandre
