**Assignment of Rights, Title and Interest in Inventions**

Docket No.

Whereas, the above-identified Assignor states that it is the current assignee of the entire right, title, and interest in the patent application(s) and/or patent(s) (hereinafter referred to as "Inventions") identified in **SCHEDULE A** by virtue of assignments from the inventor(s) of the Inventions identified in **SCHEDULE A**. The assignments were recorded in the United States Patent and Trademark Office as indicated in **SCHEDULE A**;

And, whereas Assignor now desires to assign all of its above-identified rights, title and interest in the Inventions to the above-identified Assignee;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged;

Assignor hereby assigns, sells and transfers its above-identified rights, title and interest in said Inventions, said application(s) as identified above, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patents of the United States, and countries foreign thereto, which may be granted or have granted for said Inventions, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee;

And Assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Letters Patents which may issue for said Inventions to said Assignee, as assignee of the whole right, title and interests thereto;

And Assignor further agrees to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or for obtaining any reissue or reissues of any Letters Patent which may be granted for my aforesaid Invention, as the Assignee or its Designee(s) may from time to time require and prepare at its own expense.
