Whereas we,

1. Jai Paul Macker of Burlington, Vermont US
2. Chris Scott of Williston, Vermont US
3. Robert Anthony George of Essex Junction, Vermont US
4. Joseph James Pistell of Brewerton, NY US

hereinafter referred to as "applicants," have invented certain new and useful improvements in **"Automatic Display of Products Viewed on Distinct Web Domains,"** for which United States Provisional Patent Application 61/931,542 was filed on January 24, 2014 and for which PCT Application PCT/US2015/012724 was filed on January 23, 2015 and for which United States Non-Provisional Patent Application 15/216,743 was filed on July 22, 2015; and

Whereas **Dealer Dot Com, Inc.** of Burlington, Vermont herein referred to as "assignee," whose mailing address is **1 Howard Street, Burlington, Vermont 05401** is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, in consideration of valuable consideration, the receipt whereof is acknowledged, we, the applicants, hereby assign to the assignee and its successors and assigns, the entire right, title and interest in the US and throughout the world in and to any and all Patents which may be granted in the inventions and improvements which are the subject of the above US and PCT Patent Applications, this assignment including said United States Provisional Patent Application, said United States Non-Provisional Patent Application, said PCT application, and any and all foreign patent applications, utility models, design registrations and like rights of exclusion and for inventors' certificates applied for or granted that claim priority of said US Patent Applications or said PCT application, any and all continuations and divisionals of such patent applications, and any other inventions or improvements included in such Patent Applications, and we authorize the assignee to apply in all countries in our names or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and for our heirs, legal representatives and assigns, without further compensation, to perform such lawful acts and to sign for such further applications, assignments, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

Now, therefore, as to the US application, we the applicants, by these presents do hereby

218-007

authorize and request the US Commissioner of Patents and Trademarks to record this assignment for said US Provisional Patent Application and for said US Non-Provisional Patent Application and for all US Non-provisional Patent Applications claiming its priority and to issue such United States Patents to said assignee, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said Patents may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.
