PATENT ASSIGNMENT

This Patent Assignment (this "Assignment") is made this 15 day of May, 2023, by and between Avenir Wellness Solutions, Inc. F/K/A Cure Pharmaceutical Holding Corporation, a Nevada corporation with a place of business located at 1620 Beacon Place, Oxnard, CA 93033 ("Assignor"), and Avenir Wellness Solutions, Inc. a California corporation with a place of business located at 5805 Sepulveda Blvd #801, Sherman Oaks, CA 91411 ("Assignee").

WHEREAS, Assignor owns all right, title, and interest in and to the issued patents and patent applications identified on **Exhibit A** hereto (collectively referred to as the "Patents"); and

WHEREAS, Assignor desires to assign, convey, sell and transfer all right, title, and interest in and to the Patents to Assignee; and

WHEREAS, Assignee is desirous of acquiring from Assignor all right, title, and interest in and to the Patents.

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency, and adequacy of which are hereby acknowledged, Assignor hereby sells, transfers and assigns to Assignee as of the Effective Date the entire right, title and interest in and to the Patents, including, without limitation, all divisional, continuing (including continuation-in-part), substitute, renewal, reissue, and all other applications for a patent or patents which have been or shall be filed in the United States (including all provisional and non-provisional applications), and in all foreign countries and jurisdictions based in whole or in part on any of such Invention (including any application for a utility model or an innovation patent application);

all original and reissued patents which have been or shall be issued in the United States and all foreign countries and jurisdictions based in whole or in part on any of such Invention;

including the right to claim priority to the above-identified patent application or applications in relation to subject matter based in whole or in part on the above-identified patent application or applications and any of the foregoing including the right to file foreign applications under the provisions of any convention or treaty;

and including the right to all causes of action, remedies, and other enforcement rights related to the above-identified application or applications, including without limitation the right to sue for past, present, or future infringement, misappropriation, or violation of any and all rights related to the above-identified patent application or applications and any of the foregoing, including the right to obtain and collect damages for past, present, or future infringement;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such Invention to the Assignee;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or shall be made to others by the Assignor, and that the full right to convey the same as herein expressed is possessed by the Assignor;

COVENANT, that when requested and without compensation, but at the expense of the Assignee, in order to carry out in good faith the intent and purpose of this Assignment, the Assignors shall take all actions, execute any additional assignments or other documents and to otherwise cooperate as necessary, under the laws of the United States as soon as is practicable after the effective date of this Assignment or as otherwise requested by Assignee, to effectuate, confirm or perfect the assignment and recordation of all rights, title, and interest in and to the Patents.
