PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement (this "Assignment") is made and entered into as of June 3, 2022 ("Effective Date") by and between Daedalus Prime LLC, a Delaware limited liability company ("Buyer") and Intel Corporation, a Delaware corporation ("Seller") (Buyer and Seller, each a "Party" and collectively, the "Parties").

WHEREAS, the Parties are parties to a Patent Agreement, by and among Seller, Buyer and (for certain limited purposes, as set forth therein) Daedalus Group LLC, a Delaware limited liability company, dated April 21, 2021 (the "PA"), pursuant to which, among other things, Seller has agreed to transfer to Buyer the Assigned Assets (as defined in Section 4(a) of this Assignment); and

WHEREAS, in accordance with, and subject to, the terms and conditions of the PA, the Parties wish to execute this Assignment.

NOW, THEREFORE, in consideration of the foregoing and the representations, warranties, covenants and agreements contained in the PA, and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the Parties hereby agree as follows:

1. Assignment. On the terms and subject to the conditions set forth herein and in the PA, Seller hereby sells, conveys, transfers, assigns and delivers to Buyer, and Buyer hereby purchases from Seller, all of Seller's right, title and interest, as of the Effective Date, in and to the Assigned Assets. Such assignment includes the grant to Buyer of the right (to the extent held by Seller as of the Effective Date) to claim the benefit of the priority date of any patent application to which any Assigned Patent claims priority, provided that the foregoing shall not limit any right of Seller to claim the benefit of the priority date of any patent application not included in the Assigned Patents.
 2. Recording the Assignment. The Parties hereby authorize the relevant authority at the United States Patent and Trademark Office, or any foreign equivalent thereto, to record this Assignment. Buyer agrees that it is Buyer's responsibility to record this Assignment.
 3. Exclusion of Warranties. EXCEPT AS SET FORTH IN THE REPRESENTATIONS AND WARRANTIES SET FORTH IN THE PA, THE ASSIGNED ASSETS ARE ASSIGNED "AS IS" AND WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF OR RELATED TO TITLE, NON-INFRINGEMENT, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, VALIDITY OR ENFORCEABILITY.
 4. Definitions. Capitalized terms used in this Assignment but not defined in this Assignment shall have the meanings ascribed to such terms in the PA.
- (a) "Assigned Assets" means (i) all of Seller's right, title and interest, as of the Effective Date, in and to the Assigned Patents, and (ii) any right that Seller has to sue for past, present or future

infringement of the Assigned Patents and to retain any damages and profits due or accrued for any such past, present or future infringement of the Assigned Patents.

(b) "Assigned Patents" means the patents and patent applications specifically set forth in Table A. For clarity, "Assigned Patents" do not include any patents or patent applications other than those described in the foregoing sentence, regardless of whether such patents or patent applications have similar specifications or similar claims to any patent or patent application that is described in the foregoing sentence.

5. Entire Agreement. This Assignment, together with the PA, contains the entire agreement between the Parties with respect to the subject matters hereof and thereof and supersedes all prior agreements and understandings, oral or written, with respect to such matters. In the event of any conflict between this Assignment and the PA, the terms of the PA shall govern.

6. Counterparts. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, and all of which shall constitute one and the same Assignment.

IN WITNESS WHEREOF, each Party has caused this Assignment to be executed on its behalf by an officer thereunto duly authorized, all as of the date first written above.
