ASSIGNMENT

WHEREAS Robert Shane Luttrell, Douglas Steven Zatechka, Mason Kauffman, and Chris Przybyszewski (hereinafter referred to as "Assignors") are co-inventors of the invention entitled "TIME RELEASE APPLICATION AND MONITORING SYSTEM CONFIGURED TO PREVENT UNTARGETED WILDLIFE ENTRY OR DISRUPTION" as described and claimed within U.S. Patent Application No. 17/228,727, filed on April 13, 2021, and currently having Attorney Docket No. M_USBIO01USCIP.

WHEREAS, the parties desire to have a recordable instrument assigning their entire right, title, and interest in and to said invention, said application, and any Letters Patent that may be granted for said inventions in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to US Biologic, Inc., a Tennessee corporation, of 3 N. Dunlap, Memphis, Tennessee, 38103, The United States of America (hereinafter referred to as "Assignee"), their entire right, title, and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignor and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise. Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and/or their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of the Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world. Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed utility, divisional, continuation, continued prosecution

application or reissue application, to the Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date provided below.
