ASSIGNMENT BY INVENTORS

WHEREAS, we, Gregory Prevost, a citizen of the United States of America, having a mailing address of 4623 Bridgestone Path Drive, Spring, Texas 77388 and Edward C. Spatz, a citizen of the United States of America, having a mailing address of 9306 Towerstone Dr., Spring, Texas 77379 (hereinafter "Assignors"), are the inventors and owners of a certain new and useful invention(s) (hereinafter "Invention") and improvement(s) entitled "Continuous Diamond Surface Bearings for Sliding Engagement with Metal Surfaces", as set forth in Provisional U.S. Application for Letters of Patent of the United States, already filed on November 9, 2020, as U.S. Application No. 63/111,145 ("Provisional Application"), U.S. Application for Letters of Patent of the United States, already filed on November 9, 2021, as U.S. Application No. 17/522,335 ("Utility Application") and PCT International Application No. PCT/US21/058584, filed on November 9, 2021 ("PCT Application"), (the latter two applications claiming the benefit of or priority to said "Provisional Application"), (collectively said "Filed Applications").

WHEREAS, Pi Tech Innovations LLC, a limited liability corporation, organized under and pursuant to the laws of the state of Texas having its principal place of business at 1707 ½ Post Oak Blvd. #655, Houston, Texas 77056 (hereinafter "Assignee"), is desirous of acquiring right, title and interest in and to said Invention and said Filed Applications, and in and to any United States or corresponding foreign, international, or regional application (including any PCT International Application and any Regional Applications such as an EPO Patent Application) claiming or applied for (now or in the future) the Invention and any Letters Patent to be obtained therefor and thereon (to the extent any such right, title, and interest have not been previously acquired).

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, each Assignor has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, his entire right, title and interest in and to:

- (a) said Invention and improvements and worldwide rights therein;
- (b) said Provisional Application: United States Provisional Application No. 63/111,145 filed on November 9, 2020; titled "Continuous Diamond Surface Bearings for Sliding Engagement with Metal Surfaces";
- (c) said Utility Application: United States Non-Provisional Application No. 17/522,335, filed on November 9, 2021; titled "Continuous Diamond Surface Bearings for Sliding Engagement with Metal Surfaces";
- (d) said PCT International Application: PCT International Application No. PCT/US21/058584, filed on November 9, 2021; titled "Continuous Diamond Surface Bearings for Sliding Engagement with Metal Surfaces"; and
- (e) any United States or corresponding foreign, regional (including any patent application filed with the European Patent Office) or international patent application claiming or applied for (now or in the future) the Inventions, or claiming priority to, or the benefit of the filing date of, (now or in the future) the Invention or any corresponding U.S., foreign, regional, or international application (including any PCT applications) related and directed to the Inventions, including all divisions, continuations, continuations-in-part and substitutions thereof; and
- (f) any and all United States and foreign patents which shall issue on said Invention or from any of the above-identified applications ((b) - (e)) including all reissues, reexaminations, renewals, divisions, continuations, and extensions thereof, for the United States, its territories and possessions and all foreign countries, including the right to file applications for Letters Patent on said Invention in any and all foreign countries and any other patent office, the same to be held and enjoyed by said ASSIGNEE, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by me, had this Assignment and sale not been made; and further, do sell, assign, transfer and set over

unto Assignee, its successors, legal representatives and assigns, the right, authority, and/or permission to: claim priority to, or from, any or both of said Provisional Applications (e.g., claim the benefit of the filing date under the Paris Convention) or any other application identified above in (b) – (e), file any of the applications identified above in (b) – (e) in any patent office (or equal) in the world or jurisdiction, be granted any patent (or similar rights) arising from, or issued on, any of the applications identified in (b) – (e), and/or to be granted any patent (or similar rights) identified in (e) above, in any patent office in the world or jurisdiction.

AND for the same consideration, each Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, each Assignor is a lawful owner of a right, title and interest in and to said Invention and application for Letters Patent above-mentioned, and that the same are unencumbered and that each Assignor has good and full-right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, each Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that each Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letter Patent for said Invention, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said Invention, or said Utility Application, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said Invention in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

AND each Assignor hereby requests the Commissioner of Patent and Trademarks to issue (and any equivalent authority in the world in respect to any Patent identified above) said Letters Patent of the United States to Assignee, as Assignee of said Invention and the Letters Patent to be issued thereon, for the use and benefit of Assignee, its successors, legal representatives and assigns.

AND each Assignor hereby grants the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office and any other Patent Office in foreign and other jurisdictions, for recordation of this document and:
