**SCOPE OF ASSIGNMENT**

I further grant to, and acknowledge the ownership by Assignee, of such right by virtue of this Assignment my entire right, title, and interest in and to all my inventions, whether joint or sole, disclosed in said Application for Letters Patent, to any inventions described in the disclosure of the Application for Letters Patent, and my entire right, title, and interest in and to all provisional patent applications, regular utility applications, design patent applications, divisional applications, continuation applications, continuation-in-part applications, reissue patent applications, or applications for reexamination that may be filed for or relating to any United States Letters Patent or applications therefore, for any of said inventions, and any patent or patent application inside or outside the United States claiming direct or indirect benefit of

priority of any assigned application or any other application assigned herein, and in and to all patents or other enforceable intellectual property rights that may be granted on or from the foregoing applications, and the sole right to claim benefit of priority from any of the foregoing in the United States or in foreign countries, and all right title and interest in any patent which may issue respecting such priority claim (hereinafter "The Assigned Rights").

**RIGHTS OF ASSIGNEE**

I agree that Assignee shall have the authority and power to prosecute any such applications in its own name, and to transfer or delegate any such rights without further consent from us.

I grant to Assignee and its agents a Power of Attorney to insert on this Document any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

I hereby agree, whenever requested, to communicate to said Assignee, its successors and assigns, any facts known to us respecting said inventions or applications, to cooperate fully in obtaining and enforcing any such patents, and to execute all applications or papers necessary to obtain and maintain proper patent protection on said inventions.

I also transfer any and all right to sue, in Assignee's own name, for infringement of any patents which result from any such patent applications, and to collect damages, fees, and expenses, for any such infringement, past, present, or future, without any reporting or accounting to me except as may be provided in a separate agreement or otherwise provided by law or regulation.

I hereby request the Director of the United States Patent and Trademark Office to issue said Letters Patent of the United States to Assignee, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.
