ASSIGNMENT OF RIGHTS IN INVENTION(S)

For valuable consideration, I:

Jeffery Fairman ~~Jeff Fairman~~ (the "ASSIGNOR") hereby assign to SUTROVAX, INC., a corporation organized under the laws of Delaware and having an address of 353 Hatch Drive, Foster City, CA 94404, and its successors, assigns, and legal representatives (collectively hereinafter the "ASSIGNEE"), the entire right, title and interest throughout the world in the invention(s) which is/are disclosed and claimed in a provisional application for patent in the United States of America, executed by us, entitled PERIODONTITIS VACCINE AND RELATED COMPOSITIONS AND METHODS OF USE filed on October 11, 2019, having an Application No. 16/158,155, International Patent Application filed on October 11, 2018, having an Application No. PCT/US2018/055496, both of which claim priority to US Provisional Patent Application having Application Serial No. 62/571,582, this assignment including:

said United States patent application, and any and all United States and foreign patents, utility models, and design registrations which may be applied for and granted for any of said invention(s) and improvement(s) thereof, and in and to any and all divisions, continuations, continuations-in-part, reissues, certificates of re-examination, supplemental protection certificates, patent term restorations, and patents of addition, in any country, that may be based thereon;

the right of ASSIGNEE to claim priority based on the filing date of said application in the United States of America, under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, including without limitation all rights in an international application claiming benefit of priority to said United States patent application, and all rights, privileges and advantages appertaining thereto, including any and all provisional rights;

the right of ASSIGNEE to enforce and to license, and to collect damages, profits or recoveries of any nature for past or future infringement of, any United States or foreign patent(s) that may be granted thereon;

the right of ASSIGNEE to prosecute, with the assistance of competent counsel, any of the foregoing patent applications in any jurisdiction worldwide; and

the right of ASSIGNEE to apply in all countries in my/our name(s) or in its own name for patents, utility models, design registrations, and like rights of exclusion and for inventors' certificates, for said invention(s) and improvement(s);

the same to be held and enjoyed by the ASSIGNEE for its own use and behalf and for the use and behalf of its successors, legal representatives and assigns, absolutely during the residue of the respective terms for which the United States and foreign patents will be granted, and for any and all rights extending from said applications and reissues, and entirely as the same would have been held and enjoyed by me/us had this assignment not been made;

All changes reviewed and approved:
