ASSIGNMENT OF PATENT RIGHTS

Ortiz & Associates Consulting, LLC ("Assignor"), a New Mexico limited liability company, is owner of U.S. Patent Numbers 10,311,306 and 9,811,737, both entitled "METHODS AND SYSTEMS ENABLING ACCESS BY PORTABLE WIRELESS HANDHELD DEVICES TO DATA ASSOCIATED WITH PROGRAMMING RENDERING ON FLAT PANEL DISPLAYS" (referred to as "the Patents").

MobileConcepts LLC ("Assignor"), a New Mexico limited liability company, ("Assignee") desires to acquire rights in and to the Patents and any family-related patent applications.

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor assigns to Assignee 100% of his right, title and interest in the invention and the Patent Application to Assignee, including the right to sue for any and all past, present, and future damages, for the entire term of the Patents and any reissues or extensions and for the entire terms of any patents, reissues or extensions that may issue from foreign applications, divisions, continuations in whole or part or substitute applications filed claiming the benefit of either Patent. The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further agrees to: (a) cooperate with Assignee in the protection of the patent rights and prosecution and protection of foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patents and any and all applications and registrations for the invention in any and all countries.
