ASSIGNMENT

WHEREAS, I:

(4) **Vittorio Marinelli**,

residing, respectively, at:

(4) **700 South Cypress Road, Pompano Beach, FL, 33060,**

have made an invention entitled: **CENTRAL AIR CONDITIONING AIR
HANDLER DRAIN LINE FLUSH AND
SCENT INJECTOR**

and [] are about to make application for United States
Letters Patent therefor, the same being executed
by us on _____, 2023; and

[X] has made application for United States Letters
Patent thereof, filed on **August 31, 2016**, under
Serial No. 15/253,789, Issued as **US Patent**
11,365,929 on **June 21, 2022**; and

WHEREAS, **Marinelli Air Conditioning, Inc.**, a For Profit
Corporation organized and existing under the laws of the state of
Florida and having an office and place of business at **700 South
Cypress Road, Pompano Beach, FL, 33060**, is desirous of acquiring
the entire interest in said invention, said United States patent
application, and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of my position as an Officer of Marinelli Air Conditioning, Inc., and other goods and valuable consideration, I do hereby sell, assign, and transfer unto Marinelli Air Conditioning, Inc., its successors, assigns, and legal representatives, all right, title, and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said application, including any parent applications, continuations, divisions, and/or continuations-in-part thereof, and any substitute applications therefor, and any patent which may issue thereon, and any reissues of the same; and all right, title, and interest in and to every patent application filed on said invention in any other country, including renewals, revivals, continuations, divisions, and continuations-in-part thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and we hereby authorize and request competent authorities to grant and issue any and all patents on said invention to Marinelli Air Conditioning, Inc. as the assignee of the entire interest therein; and we further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and otherwise to give full effect to and perfect the rights of the

assignee under this Assignment, including the right to claim the priority date of any of the PATENTS and the right to sue for and recover damages for any past, present or future infringement of the PATENTS, and for avoidance of doubt, all right and interest in any current patent litigation filed by ASSIGNOR regarding the PATENTS has also been assigned to ASSIGNEE.

Inventors jointly and severally covenant and agree that Inventors will, at any time upon the request and at the expense of Assignee, execute and deliver any and all papers and do all affirmative and lawful acts that may be necessary or desirable, in the opinion and sole discretion of Assignee, to enable and assist Assignee to:

(a) obtain patents, both domestic and foreign, on and for the Invention, including, without limitation, reviewing and executing any and all patent applications, assignments, declarations, powers of attorney, affidavits, and any other papers and documents in connection with the Invention, the Assigned Property, and the patents and patent applications sold, assigned and transferred in accordance with this Assignment, that Assignee may deem necessary or prudent to perfect such patent rights and to obtain and maintain such patents and patent applications;

(b) establish, maintain and secure title in and for Assignee, its successors and assigns, to the Invention, the

Assigned Property, the patents and patent applications sold, assigned and transferred in accordance with this Assignment, including making such title lawful public record, whether through recordation with the United States Patent and Trademark Office, foreign patent office(s) or other means; and

(c) defend, enforce, establish or otherwise preserve the validity of the Assigned Property and patents and patent applications sold, assigned and transferred in accordance with this Assignment against any and all infringers, and perform such other acts as are necessary to give full force and effect to this Assignment, including, without limitation, testifying in any and all legal proceedings, and making all lawful oaths and declarations, which Assignee, its successors and assigns, deem necessary or prudent.

Should **Marinelli Air Conditioning, Inc.** its successors, assigns, or legal representatives become insolvent, all rights of the United States Letters Patent thereof, filed on **August 31, 2016**, under **US Application Serial No. 15/253,789**, Issued as **US Patent 11,365,929** on **June 21, 2022** and any and all patents which may issue thereon, and any reissues and extensions of the same, are automatically returned to the original assignor(s).

IN TESTIMONY WHEREOF, I have hereunto signed my name on
