In consideration of the mutual agreements set forth herein and in the Loan Documents, Grantor does hereby grant to the Lender, for the benefit of the Lender, a continuing security interest in all of Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired:

3. all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future infringement of any patent, including, without limitation, any patent referred to in Schedule 1 annexed hereto, any patent issued pursuant to a patent application referred to in Schedule 1 and any patent licensed under any patent license listed on Schedule 1 annexed hereto (items 1 through 3 being herein collectively referred to as the "Patent Collateral").

This security interest is granted in conjunction with the security interests granted to the Lender pursuant to the Security Agreement and subject to limitations set forth therein. Grantor hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Loan Documents, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.
