ASSIGNMENT

WHEREAS, I, **Ali Atefi**, a citizen of United States of America (U.S.A.), having a mailing address located at 991C Lomas Santa Fe Dr. #115, Solana Beach, CA 92075, U.S.A., and a resident of Los Angeles, California, U.S.A., have conceived of one or more apparatuses, processes, methods, computer program products, machines, articles of manufacture, designs, compositions of matter, inventions, discoveries and/or new and useful improvements relating to APPARATUSES, METHODS, AND COMPUTER PROGRAM PRODUCTS FOR COMMUNICATION IN A WIRELESS LOCAL AREA NETWORK, which may be the title of the INVENTIONS (defined below); and

WHEREAS, Communication Systems LLC (hereinafter "ASSIGNEE"), a New Mexico limited liability company (LLC), having a registered address located at 530-B Harkle Rd., Ste. 100, Santa Fe, New Mexico 87505, U.S.A., desires to acquire or otherwise obtain the entire right, title, and interest in and to said INVENTIONS (defined below), including all inventions related thereto or thereof, all patent applications therefor, and all patents that have granted or may be granted hereafter thereon, including but not limited to those identified below.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I do hereby acknowledge that I have sold, assigned, conveyed, and transferred, and by these presents do hereby sell, assign, convey, and transfer, unto ASSIGNEE, its successors, and its assigns, the entire right, title, and interest throughout the world in and to:

any and all apparatuses, processes, methods, computer program products, machines, articles of manufacture, designs, compositions of matter, inventions, discoveries and/or new and useful improvements included in any and all patent applications therefor that may have been filed or may be filed hereafter anywhere in the world in relation to U.S. Provisional Patent Application No. 62/941,762 (filed November 28, 2019), U.S. Patent Application Nos. 17/571,486 (filed January 8, 2022), 16/752,675 (filed January 26, 2020) and 18/138,090 (filed April 23, 2023), and other related patent applications if applicable (including but not limited to _____), and I do hereby authorize ASSIGNEE and its representative to hereafter add herein such patent application number(s) and/or filing date(s) when known), together with any and all provisional patent applications related to any of the applications referenced herein, any and all nonprovisional patent applications related to any of the patent applications referenced herein, any and all patent applications filed under the PCT related to any of the patent applications referenced herein, any and all national phase patent applications related to the PCT patent application referenced herein, any and all divisional patent applications related to any of patent applications referenced herein, any and all renewal patent applications related to any of the patent applications referenced herein, any and all continuation patent applications related to any patent application referenced herein, any and all continuation-in-part patent applications related to any patent application referenced herein, any and all design patent applications related to any patent application referenced herein, and all issued patents of the United States which may have granted or may be granted hereafter related to any patent application referenced herein, and all reissues, renewals, reexaminations, and extensions to any of the foregoing and all patents issuing thereon in the United States, wherein all of the foregoing in this

paragraph collectively refers to as the "INVENTIONS," and for any of which I have executed or may execute a declaration or oath related thereto;

AND I further do acknowledge and agree that I have sold, assigned, conveyed, and transferred, and by these presents do hereby sell, assign, convey, and transfer, unto ASSIGNEE, its successors, its legal representatives, and its assigns, all rights of priority under international conventions, treaties, or agreements, and the entire right, title, and interest throughout the world in said INVENTIONS, including all inventions related thereto or thereof, and all patent applications therefor that may have been filed or may be filed hereafter for said INVENTIONS in any foreign country, countries, or treaty/union organizations, and all divisional applications, renewal applications, continuation applications, continuation-in-part applications, patent of addition applications, confirmation applications, validation applications, utility model applications, and design applications thereof, and all issued patents which may have granted or may be granted hereafter for said INVENTIONS in any country or countries foreign to the United States, and all reissues, renewals, reexaminations, and extensions thereof;

AND I DO HEREBY authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications or registrations, to issue all patents for said INVENTIONS to said ASSIGNEE, its successors, its legal representatives and its assigns, in accordance with the terms of this instrument;

AND I DO HEREBY sell, assign, transfer, and convey to said ASSIGNEE, its successors, its legal representatives, and its assigns all claims for damages and all remedies arising out of or relating to any violation(s) of any of the rights assigned to the INVENTIONS hereby that have or may have accrued prior to the date of assignment to said ASSIGNEE, or may accrue hereafter, including, but not limited to the right to sue for, seek, obtain, collect, recover, and retain damages and any ongoing or prospective royalties to which I may be entitled, or that I may collect for any infringement or from any settlement or agreement related to any of said patents before or after issuance;

AND I DO HEREBY covenant that I will not execute any writing or do any act whatsoever conflicting with these presents.
